It was 2 o'clock in the night and Virat Meghalaya and

Kino river falling between Assam border

Darkness loomed far and wide as I was crossing.

was one

was surrounded deeply and above the same river

Dark clouds were circling and looking at them it felt like

It felt like it was going to rain any moment.

There was knee-deep water in the river which was slow.

Virat's one was flowing with speed

The mobile torch was in one hand and the other hand was

in bicycle

Handle Virat walking mobile torch

I was crossing the river with the help of light when

Then his mobile starts saving

Virat picks up the phone and says yes, Vanna.

Speak: A woman's voice from inside the mobile.

I can hear how far you have reached

I have reached Krishna river, I just want to do this

Crossed the Kino river and then I came straight to your place

[music]

Vanna's frightened voice was heard nearby.

Is

What did you say crossing the snowy river?

If not you then you already know.

Is Bangla going from Muda village to Ragan village?

This is the only way and that too the river

You have to cross so late in the night

Should not have returned to Grave Yard Kothi

I should have stopped, you know that?

she wandered near the river

Virat asks with surprise.

turns around

I mean you know everything but still you

Mother is saying this on purpose, isn't she?

Told me his name while doing the river, right?

Shouldn't be taken otherwise she would really come

Hey Vandana, you are also there in your mother's words.

Looks like mother has come and helped you too.

Before Virat could complete his story

Vandana says nervously

Shut up, O black mother of my husband.

To protect and prevent the harm caused by them unknowingly.

Forgive me for what happened now

Will not take his name, Virat says laughingly.

What a Vandana, you too are not this Yakshan Vaksh

Nothing happens, you understand that all this is just wishful thinking.

There are things that the villagers have created and

If you don't believe anything then don't believe it.

I agree that you should come quickly.

Just yes, I am coming, just cross this river.

I will do it

Ok first I will keep it, how come it's like this

Don't you think you're forgetting something?

yes am i forgetting what am i forgetting

You can remember about Yakshini but

Can't remember that today after our wedding

It's my anniversary, I made a mistake, please forgive me.

Virat, I had forgotten to be worried about you.

He makes a face and says that now he had forgotten.

You will be punished for that.

Be prepared otherwise she asks lovingly ok

So what punishment will you give? Your punishment is this.

That

you'll have to stay up all night tonight

Vandana gets shy and says shyly

You too, what kind of things do you talk about?

Hey, I won't say such things to my wife.

So who will I ask? Okay, come, I will wait.

I am asking you to come quickly, I want to disconnect the phone.

She does so and Virat goes back to cross the river.

it would have taken place

Virat has just taken a step or two forward.

Then he heard the sound of anklets ringing.

gives

Virat feels that someone is coming from behind him

Payal's voice came while the girl was running.

Hearing this, Virat would have stopped where he was.

and starts looking back when he

If he turns back, he will find nothing but darkness.

Nothing is visible, no one behind it

This worship was done by me in the name of Bheena Yakshan.

I planted this illusion in my mind and that illusion scared me.

It's up to me now and anyway, I myself am

I want to meet I have heard great rumors

I have heard that she is very beautiful

Virat starts moving forward again.

I had barely taken a step or two when

Then he saw a black shadow on the river bank.

becomes visible

Seeing that dark shadow, Virat's steps

It feels like you stop automatically after seeing the shadow.

It seemed as if he was waiting for Virat.

remained

It was the sound of anklets ringing near the black shadow.

There was a sound and a smell of jasmine flowers.

Virat's hands and feet had started cupping the cup.

says fearfully

Is Vandana's statement not true?

This Yakshini

No, Virat got so scared after seeing that shadow.

his entire face was drenched in sweat

Virat's hands and feet had become cold.

His heart started beating loudly.

Virat could not understand what to do

says fearfully

Who's who? There's no answer.

Silence comes, Virat was still shadowed.

The torch of your mobile on that black shadow

Starts to kill when the light of that torch falls on him.

When it falls on the black shadow, Virat sees it.

That that shadow is not someone else's but one

The girl had a very

A beautiful girl was standing, about 24 years old.

years and height was 5 feet 2 inches, her tall

neck with pinkish lips and open hair

Her fair body reached till her waist and the same fair

She was wearing a black saree on her body.

The girl looked no less than an angel.

She was so beautiful that any man would fall in love with her.

Seeing this, I forgot my limits and fell into his arms.

to get drunk

Virat wants that girl from his hand

She signals him and calls him towards her.

Seeing the girl, Virat had forgotten that

There is such a thing as Yakshini and Virat.

leaves his bicycle there and

I would quickly start going to that girl.

It's as if his body is on fire.

Ho Virat, go to that girl and talk to her.

Asks who are you and what is here

What are you doing, what is your name girl?

she says with a smile on her face

What is there in the name, what is the work?

placed in

What kind of work is the girl in Virat's eyes?

she said while watching

This is the same work that you do at home.

You were going to do it with your wife tonight

You wanted to wake me up, didn't you?

wake up

There was an intoxication in that girl's eyes.

Seeing whom Virat had forgotten everything.

It seemed as if he had come under her control.

Virat also looked into the eyes of that girl.

Says yes why not I you today

Night or tomorrow, the day after tomorrow, the nurses always keep me awake.

I will never let you sleep

As soon as Virat told you this, that girl

hugs him close to his chest and the next moment

Both lying naked on the sand of the river

There was sand due to the heat of both their bodies.

It was stuck on that girl's body.

the smell of jasmine flowers was coming from

The girl was below and Virat was above her.

The drop of sweat on the forehead makes it clear

It was said that he was tired and his body

All strength was about to end but that girl

Looking at the face it seemed as if just now

Nothing had happened, the thirst inside him

not extinguished yet

Virat was in his prime

was about to reach and within a few moments he

Was about to collapse on the girl's body then

His eyes fall on the girl's breast and

He sees that on the girl's chest

wrinkles gradually started appearing

the veins on his hands and legs started coming out

his hair started turning from black to white

In no time that girl suddenly became old

Transforms into a woman after seeing all this

Virat's eyes widened in tears.

her hot body suddenly became cold

Virat says tremblingly

who are you

You that girl says softly I

Yakshini Teri

Death occurs and he quickly moves away from it

He starts to move away but at that very moment Yakshini stops him.

She holds it with both her hands and says

Where are you going now my dear my thirst?

You are not quenched yet, I will die tomorrow

The nurses wanted to stay awake forever, didn't they?

Are you tired or scared?

my true form is gone

[music]

Virat was so shocked to see her scary face.

I was so scared that I couldn't say anything to him.

Yakshini's eyes saw her own death

Yakshini was angry and says lust

In your thirst you forgot that your

Wife Vandana is waiting for you at home

And you are here with me, you men are never alone.

I can't love your woman

Having said this, lust will never end

Yakshini placed her hand on Virat's chest

Gives Shini had long black nails

Which Virat wore like a knife in fear

says no no don't think so

do it let it go

You are letting me go Bholi

Bhatola innocent sister

Having said this, Yakshan took Virat's hand.

inserts it inside the chest and at the same time

Dark clouds start thundering loudly and it rains.

The blood of Virat's body starts appearing on the nails.

starts entering the body of Yakshini with the help of

It is as if there is blood inside the body of Yakshini.

she was becoming young again

Yakshan came back to his old form

and Virat's body dried up and turned white

there was not even a drop of blood inside him

But her heartbeat was still going on Yakshini

She took her mouth near Virat's ear and

Whisper Ro Na Ram Ro Ram Ro Na Ram Ro

Having said this, Yakshan took his blood stained hand.

starts pulling it out of Virat's chest

As soon as Yakshini placed her hand on Virat's chest

Virat takes his breath away

Gives because Virat is in the hands of Yakshini

had a heart that had shrunk the very next moment

Yakshini disappears with Virat's heart

is just like raindrops

[music]

I heard the sound of a typewriter's buttons being pressed.

was being given by a man wearing a coat and coat

Was in a closed room over a white typewriter

The man was typing the story.

All four were wearing round glasses inside the room.

There were book shelves on the side which had about

More than a thousand books were frozen

There was a vase above the table in which something

Half burnt and some completely burnt cigarettes and ashes were kept.

The writer says to himself, let's go this part.

Now the second part is complete, Vandana Aapke Husband

Will avenge the death of Yakshini along with

Will find out the curse and free him from this curse

will liberate

Readers will be deeply saddened by Virat's death.

But what to do if there are deaths then only horror

By saying that the story will move forward, the author is a

lights a cigarette and takes a puff

starts calling someone from his mobile

There is a yawning sound from inside the phone.

Hello who hello Jagdish and I is heard

I was saying that the story was ready

ok sir, where are you? what did you say about your story?

Yes it is ready, this is a very good thing

Sir, don't feel bad about this thing to me.

You can tell me in the morning also

Why was there a need to call so late in the night?

The author says while taking a puff of cigarette

What did you say so late in the night, it's still time

What happened was that the author just said that

Then he noticed the old watch in his hand.

and he sees that it's 3:5 in the night

The writer was realizing his mistake.

He says, hey, it's 3 o'clock, it's so late in the night for me

So I didn't even know, I just thought it was 910.

It will be ringing, no problem sir, I understand.

I wish you could write a story with so much dedication.

that you don't even realize time

Yes, we will have to see when this book comes out.

People will get goosebumps every night

I have been awake all my life and have written the story.

Yes Sir, after all your story has life.

So much life that it can wake up even the sleeping dead.

And force them to listen to the story too

By the way, give the name of the story you just wrote.

What is the name of this story Yakshini Ek

[music]

With surprise from inside the witch mobile

A voice is heard, what did you say sir Yakshini

Yes Yakshini, what happened, why are you so shocked?

Sir, I have heard that this is what is happening.

This is Kisho river near your village.

She roams there and with men

everything means she kills them by doing everything

Yes sir, you are not afraid of the village.

Yakshini roams around there and stays there with her

If Yakshini told you by writing a story about

if something is done

Jagdish Yakshini is not as bad as

The village people and you all understand the meaning.

That Yakshan is so good

It is good that you do everything for the happiness of others.

Be prepared to sacrifice something but

Sometimes something like this happens in life

How your whole life changes

incident sir i don't understand anything mythological

According to beliefs in our universe

There are many people in which gods and goddesses

Asur demons reside in all these places

The distance of different from the earth is called

That among all these worlds Vishnu world is at the top

And the lowest world is Yaksha Yakshan and

Belongs to the nymphs who are closest to the earth

The people who are closest to the earth are those people

By worshiping the deities of

Gods are soon pleased Jagdish Beach

I wonder why sir, the goddess of that world.

Why do gods become happy so quickly?

Because someone is constantly in the right direction and at the right time.

By chanting the mantra, those gods and goddesses

Waves reach quickly Yaksha Yakshan

One of the people of Ho Yakshan Dwapar Yuga

came to earth at the end of the

He was cursed with a curse that

What kind of curse had changed my life, sir?

Talking about Abhi and this curse on him

who gave it

Jagdish again asks the author, tell me?

Sir, what curse did Yakshini get? Author

Answering Jagdish's question he says

To know that you have to read my book

Will have to wait for the second part

Sir, this is a good marketing strategy.

That book must be sold by Jagdish Kitab.

sell my pain with that book

I will at least recover the money for those tears.

Any person should keep just one thing in mind

What is not bad is what is made bad.

Meaning Yakshan was not bad but made him bad

I had gone, sir, I told you, now I am not going anywhere.

I will not answer the question that needs to be known

You will understand by reading the second part of the book.

The writer's secret ends while talking

It was about to happen, there were only one or two left in it.

Jagdish hesitated and then asked the author.

Sir, can I ask you something, you are not going to agree?

No ok, ask sir, it seems so from your words.

It's as if you know Yaksha very closely.

Have you ever seen Yakshini?

Hearing the question the author becomes completely silent and

Looking at the expression on his face it seems

It seemed as if he was lost in thought.

And he remembered something that Jagdish

Jagdish did not want to tell on the writer

Applying pressure he asks what happened sir?

Why did you become silent? Tell me, have you ever

Have you ever seen Yakshini? Your Yakshini

I have encountered the writer with a puff of cigarette

I say softly that I have no encounter with Yakshini.

Rather, I myself have become a writer with Yakshini.

He had just said this and then the phone gets disconnected.

The author looks at his mobile and says hey

What is this phone and how does it seem that the network has been disconnected?

It is said that this is the problem in the village.

You never know when the network comes and when.

Saying this the author leaves his chair

stand with the help of crutches placed next to

One of his legs is not functioning properly.

Due to which he became lame

That writer used to walk with the help of crutches

Had just taken a step or two forward and then

Room lights start turning on and off on their own

The writer goes to the light bulb in front of the room.

Looking at it he says, hey, what about this light now?

Done

Suddenly the lights went off completely.

And there is darkness all around the room.

So much darkness prevails that the writer has to

Even the hands and legs were not visible.

what's going on today

Hasn't she come somewhere? No, it's not like that.

Maybe she can't come by the author himself

I had just said this when the door of the room opened.

The door that was closed opens on its own.

a faint white light was coming from outside

The writer hurried to the door on crutches

When he starts going near someone, someone touches his foot.

Grabs hold and he falls down with a thud

Come my feet writer slowly

Starts looking towards the feet but it is dark

It was so much that he couldn't see anything

As soon as the writer was on his feet,

He feels that his hand

The author was placed on someone else's hand

Gets scared and quickly moves his hand away from his leg

removes it only then he realizes that now

No one was holding his leg Author

Painting doors with the same speed

He started going as fast as he could.

The writer was about to reach the door.

Then the door closes automatically

After a while, the writer came outside the door.

The sound of pain starts being heard

[music]

Who are you? I am waiting for your death for a while.

The talks about the author and Yakshana continue but they

The sound of both of them talking outside the door

A message from the author was not coming after some time.

screams were heard from

It was a scream that shuddered the heart.

Give the next moment from under the door of the author

blood starts flowing out the door

The mountains were made of rock all around

surrounded by white clouds

The eyes of the era looking at the same clouds

Yug's eyes fell just a little while ago

Just then she realized that

someone was touching his hand again and again

Yug was shaking her hand in frustration.

wakes up with and when he opens his eyes

So he sees that right in front of his face

He had the face of an old man with big eyes.

The old man was glaring at him with white mourning.

She was wearing a dirty dhoti, her hands and legs were short.

Yug was drinking and starts thinking first.

This old man was not sitting in front of me.

The seat was vacant and suddenly from where did the next person come?

The moment itself finds the answer to this question

And I think in my mind that it seems when my

Yug had come and sat as soon as I had caught sight of him.

He gets angry and says what is this?

Baba, the old man coughed and said

Sorry bittu but what should I do with you?

There was work so you had to wake up Yug

He asks with surprise, what was the work?

What business did you have with me, son?

I wanted to know what time it was

Hearing this, Yug's mind starts spinning and

He looked angrily at his watch.

It says it's about to be 11 o'clock, so that means one

My station will come after an hour Yug Kuch

Doesn't answer and starts staring at that old man

Where are you going, Bittu?

Yug answering the old man's question

He says he is going to Mendi Pathar

Meaning you are also going to Mehndi Pathar Yug that

points his finger at the old man and says

That means you too, yes bitu, let's go, now the journey will be easy.

Will go when I find someone to talk to

So the journey ends quickly, you are stuck in depression.

Where are you going? 5 kilometers from Mandi Pathar.

There is a bungalow turned village not far away, go there.

I am staying in your bungalow

Relatives live there or not? Bungalow turned

Not in the village but there is a lot of fun in the village.

hey hey what happened son when

Your relatives in Rang Muja village

If you live here then you turn bungalow into village.

Yug, why are you leaving after hearing this question?

becomes silent it seemed as if he

The old man placed his hand on the sore nubs of the era

Had asked something that was answered

He probably didn't even want to give himself

The old man continued his talk and said

Okay, if you don't want to tell then don't tell, the bungalow is closed.

Where are you going to stay in Bungalow Muda Village

The grave yard outside

the one who stays there

I am, that old man says with surprise.

The British era house which was

Yes, the same grave was built on the cemetery

Yard Kothi has been closed for the last 13 years

Yes, yes, it is closed but I will not be here today.

I will not open that room at night itself, Bituya.

Don't do that to that graveyard.

Don't know about what don't know about

you will say clearly what you want to say

If you have lived in that village in your childhood.

It must be known that Yakshini Kinori River

Yug used to wander around talking about that old man

He doesn't answer anything. He carefully looks at it.

The old man was listening to what he was saying

Continuing further he says you know

That Yakshini had not one but two places, first

Vishnoi River and Second Grave Yard Kothi

Yug wonders what Grave said.

Yard Kothi Yes Graveyard Kothi of village

People have taken Yakshan to the graveyard many times.

Yakshini Har was also seen wandering near the mansion.

Men's night on full moon and new moon

By having sex with them and sucking their heart's blood

used to kill them, that means papa

The story he told me in my childhood

Bitua kiss was not a story but reality

You are talking about the story, you are talking about the old man.

Hearing this, Yug gets lost in the memories of his past.

He remembers the moment when he was 10 years old

was and talking to his father

Tha Papa Papa what are you doing Yug

I asked with love, nothing son, write the story.

Yug's father has been on the typewriter

What did Papa say while typing the story?

Papa, which story are you writing?

Yakshini's story Son, Papa, me too

Tell me the story of Yakshini, son!

You are small now, you will be scared when you grow up

It's okay to listen when you go, Yug gets sad

Yes and making faces he says please papa

Tell me, I will not be afraid, promise and you  
They say that now I have grown up  
And older children are not afraid but  
If you scare me then please father!  
Yug starts insisting on telling me the story.  
And his father gives in to Yug's stubbornness.  
Agrees and tells him the story of Yakshini  
They start narrating, saying that their  
Kishori river has been there for many years, hasn't it?  
Yakshini used to be a witch  
Saath says this bangla muda and rangka muja  
The river in the middle of the village  
Papa, yes son, that Yakshini is right there.  
Is it in forests or near watery places?  
Every full moon and new moon is found nearby.  
To the travelers coming and going during the day and night  
I used to cross the river they  
Allured and trapped in the web of her beauty.  
It is said that she used to kill her victims.  
Yakshini likes lotus and jasmine flowers very much.  
she always keeps it with her  
The men whom Yakshini preyed upon  
She was the first one to make them something to eat.  
She used to give us food, but why, father, is she like this?  
That's why son because and in that food like this  
Mantra was chanted that any man who eats it  
he would come under her control

It was like this that once Yakshini saw a man  
made his prey and brought him under his control

Yug started having sex with her after

In the middle he says, what is this sexual intercourse?

It happens that after hearing the question of Papa Yug, Yug

The father becomes silent and he turns the topic around.

Huey says it's not your thing

Son, you are still small when you grow up

When you go, we will tell you its meaning now.

Pay attention to the story, okay papa, then move on.

What happened to Yakshini after sexual intercourse?

Yakshini's real form used to come in real form

The form is very scary, so scary that

Seeing which anyone's heart stopped beating.

Yakshini after returning to her true form

She used to suck the blood from the heart of her victim.

Why did she do this, Papa, is she bad?

She was not a woman, son, Yakshini was not a bad woman.

In fact, she was a very nice woman.

She was like an Apsara who had come from the people.

papa what did he say to those men

you ss

Yes, I remembered, why would you kill me after having sex?

Thi Yug's father recalls something and says

Because of the curse son, what kind of curse father?

Son, that curse was that Yug's father

All I had said was that Yug's name from the outside room

Mother's voice is heard Yug son oh Yug

Son, come on, eat your food, it's ready.

Yug refuses his mother and says

No mother, I don't want to eat right now.

I am listening to a story from Papa, what story am I listening to?

Your father is here to write the story and

Apart from reciting, something else also comes to mind when you look.

I keep writing stories all day long.

I am spoiled for spoiling you too

We are determined, let's come quickly and eat.

I have prepared a plate of food for you

No mother, I am not coming, end of story.

I will come only after it happens, why didn't you say you are coming?

Looks like I will have to come, wait now, Belan.

Only when I bring you will you listen to the ringing of anklets.

sounds start being heard, it seems like

It was as if Yug's mother came towards Yug's room.

Yug's mother has been away for some time.

I take the rolling pin and come to his room.

Yug cannot see his mother's face

because from his childhood memories

His mother's face was erased, not him

knew what his mother looked like

He remembered all his mother's words but his

Yug's mother holds his ear, not his face.

If she says yes then what were you saying son?

that you don't want to eat, just one more time

Speaking, Yug screams and says, Oh mother!

Leave your ears, it is hurting, mother, leave your ears.

Mom, leave your ears, it's hurting.

Yug remembers his past while saying Mama and Mama

When the era comes out of memories its

When he opens his eyes he sees that the old man

He held her hand and shook her

He was shaking me and asking, oh Bittu, where are you lost?

You are fine and why are you talking like this?

Yes, it's Bitua Yug, the answer to the old man's words.

While giving it he says, nothing Baba, I am fine.

I was just scared of the old age.

Baba looks into the eyes and says one thing

I wanted to ask you what that Yakshini is now

also makes men her victims

has been for centuries

This is the old story of Yakshan

Story

Yakshan is a fire

Yakshan Tera Khwaab

Is

Answering Yug's question the old man says

Isn't it Bitua Yakshan now men are theirs

Baba, why don't you hunt? Is it Yakshini?

She has gone away from here and now she is telling men

She does not make victims of old age.

While going closer he says she has not gone, calm down

It has become calm, it means that

13 years ago in that graveyard

A writer Babu lived in that writer Babu

That Yakshini made her last victim

Did you know anyone about Writer Babu?

Even the dead body was not found but his room was complete

It was stained with blood. There was bloody blood everywhere.

One everywhere on the tables, on the books, on the walls

There was no corner left where there was no blood.

Hearing this, Yug should not be scared but sad.

suddenly his eyes became moist

The old man takes advantage of this and

Putting his hand on the shoulders he asks what happened

Hearing about son writer babu

Why did your face fade away?

He says with a stone on his heart because you

The writer Babu we are talking about is someone

and not my father

Does this mean that you are that writer?

You are Babu's son. Yes, I am his son.

I am an old man continuing my point.

It is said that the villagers said that

It was Yakshini who killed the writer Babu.

Keep that graveyard closed from day one

was given and with the closing of the warehouse

On the night of Amavasya and Purnima, men

Some villagers have also stopped hunting.

even says that perhaps with the author

That Yakshini's lust was quenched after having sexual intercourse.

That's why Yug became quiet while thinking something.

It is said that when the lust had vanished, at that moment

Why did you kill my father and you said

It was said that after sexual intercourse, Yakshan was his victim.

sucks the blood from the body then

How come my father's blood is everywhere in the room

Why didn't Yakshini spread his blood?

I don't know if he drank the blood of writer Babu.

Why didn't this secret drink with his death?

Was buried in the same graveyard

Yakshini to have sexual intercourse with every victim

Then she directly killed him so

Even after her lust was over, she continued dating the writer Babu.

may have been killed but some of the villagers

It was said that the writer Babu has been researching for many years.

After making inquiries, he is writing a book on Yakshini.

He was aware of this and this was also the reason

Maybe and then as soon as the new moon comes

Yakshini might have killed the writer Babu

can i get that book no that

The book is not available anywhere, I heard it was published.

Maybe it could not be found in the grave yard.

Yes, what did you say in the grave yard Kothi?

Yes, in the grave yard, but I am there for you.

Let me give you some advice and Yakshini has calmed down.

If yes then it is better to leave it alone

Don't rekindle the lust inside you otherwise you will know.

No, how many more men can you kill?

Why are you scaring me, I am not scaring you

I'm just warning you Bituya death

warning has to be given before arrival

I mean, you city people are very mean.

Bitua, you look for meaning in everything, meaning something.

No way you know a lot about that grave

How to know about Yard Kothi

How can it not be my old relationship?

He stares at the old man and asks what he said.

old relationship what relationship is your grave

The old man from the courtyard with big eyes

Hua says mehendi stone age his mouth

Tearing says mehendi stone meaning meaning

This Bitua has arrived at Mehndi Pathar Station

Let's get off the train quickly Mehndi Pathar

Yag and that old man stopped at the station

Get down from the train with your luggage

Let's go, the station was not very big and

The old station was completely deserted

It was a time when only one or two lights were on.

The train which was going on and off again and again

I had just left the station when Yug noticed me.

It fell on the bag that was in the old man's hand.

and he sees that inside him there are many

Yug started thinking that lotus flowers were kept.

What does this old man do with so many flowers?

gonna do it as soon as the old man gets to the station

I had disembarked and started moving quickly.

As if he is late in going somewhere Yug

The thought of lotus flowers keeps troubling in my mind.

He couldn't control himself and he started talking to that old man.

By the way Baba, you are so many

What is the old man going to do with the lotus flowers?

says while bringing moose ears to his face

So your eyes have gone these

But she has a very sharp eye, this is the answer to my question.

Baba, it did not happen, tell me, you are so many

What are you going to do with the flowers? Hey Pooja is coming.

What kind of flower is this for her?

puja purnima puja purnima puja

I mean, you won't understand that you are new to the village.

yes slowly understand

will go

Yug stared at that old man with surprise.

Was staying because his words absolutely

Yug was not able to understand his genes.

While holding him he says oh [ \_\_\_ ] this too now

I was supposed to come, what happened son, I am in big trouble.

It seems that yes Baba, there is a washroom somewhere here.

What is it, the old man says while scratching his head.

Hai washroom means bitua means toilet urine.

Home baba ok tell me this to you tank

Have to evacuate, Yug says yes with irritation.

Same

She is not from the entire country at the station.

There has been progress but the mehendi stone is still the same

Is it as it was before then I mean washroom

Where should I empty the tank, so much space

Do it anywhere, it's too dark anyway.

The era of not seeing, train a little further

Goes near the track and goes to the toilet

Looks like Yug says this while toileting

Baba, where do you want to go from here?

Macha means you have to cross that Kisho river.

Yes, aren't you afraid if that

Yakshini caught you then hey I

Bituya, his lust is over.

She doesn't hunt anymore and today anyway

There is little full moon or new moon that I

Make your prey like you are in the fun of colors.

Where do you live near the river Kishan?

The ghat is where I live for some time.

Thinking this he says, this is the same ghat isn't it?

Where she used to wander, Papa used to say

Were often Yakshini Kino on both sides of the river

Used to wander near the ghat, no answer

Yug comes again and asks, Baba, please tell me.

Why did the old man become silent? There was no answer.

Yug started thinking that Baba is someone

Why is Yog not answering his pants?

closes the chain and starts turning back

When he turns back he gets goosebumps

That old man stands up and suddenly disappears

Done

Tha Yug was not able to understand that

Where could that old man go so soon Yug

Pick up your bag and tell that old man at the station

He starts searching and the old man finds him somewhere.

Yug was surprised by this

Wondering where that old man would disappear to.

went but after a while he started thinking

becomes satisfied that maybe that old

Must have gone alone and it was good

Gone otherwise talk about Yakshini

If he did it he would get scared himself and he would scare her too.

When Yug comes out of the station he sees

That there is not a single auto rickshaw driver outside the station

No

This is the problem in this village.

Cities should develop if taxis are not available.

But the village is still a village.

There has been no progress here even today

It is the same as it was before. Having said this, Yug walked on foot.

Left on foot to go to Bungalow Muda village

That bungalow turns into a village in half an hour.

Reaches Bungalow after crossing Muda village.

After this comes the black bush forest which

Only after crossing the river Kshna comes and

Grave yard of Yug, a short distance away from there

There was a house where Yug had to go.

Had crossed Bangla Muda village but  
He was stuck inside the black bush forest  
He had forgotten the way to Kishan River  
black bush there is so much darkness in the forest  
that he could not understand who  
Where does the path of the forest go?  
Looking at the bamboo trees inside  
It says now what should I do next?  
I forgot that I shot two-three rounds but  
I would wander around and stop here again and again.  
This forest of black bushes has become a puzzle.  
It's gone for me, can't you understand anything?  
Karoon Yug says while taking out his mobile  
There is no network here either  
I should call and call Yug for another year or so  
Bamboo trees were planted when the wind blew  
also among these bamboo trees  
When we used to go out, it seemed as if we were in touch with each other.  
Someone is whispering about the mobile flashlight.  
Yug couldn't see much in the light  
Yug was giving and was just wondering what he  
How to get out of this jungle only then he  
someone's footsteps were heard  
Hearing the footsteps, Yug gets scared and  
I start thinking about this forest late at night  
Who will be there? Yug starts getting scared and  
Starts wondering if Yakshini is there?

Then he consoles his heart no

This Yakshini breast is nothing but

There are stories that my father made up

The sound of footsteps is gradually getting louder

It seemed as if someone had come near Yug.

A piece of bamboo lying on the ground for ages

picks it up and starts listening for footsteps

Then Yug sees that the one next to him

There were bamboo trees and they were shaking and

The sound was coming from the same direction Yug completely

I was ready to face that sound.

As soon as the footsteps stop, the era

His eyes remain wide open, his hands

The piece of bamboo gets released on its own and

He himself would immediately fall to the ground in fear

A dark shadow was standing in front of Hai Yug

Yug picks up his mobile in fear and

He said while shining his torch on the black shadow.

Is

b who are you a boy's voice is heard

I am Abhimanyu when the torch light shines on that

When it falls on the black shadow, the era sees that

That dark shadow belongs to no one else but him

belonged to a boy of the age of

had long curly hair up to the neck and

he was wearing big glasses

The boy had some device in his hand which

It looked like a reading

There should be a measuring device towards Abhimanyu era.

Extending his hand he says, get up, why go down?

Yug is lying down holding Abhimanyu's hand.

I am not lying down because I am scared of you

What did you say? You were scared because of me.

Why are you scared? What did you say?

Having said this, Yug shone the torch on Abhimanyu's face.

When Yug starts killing Abhimanyu carefully

When he sees his face he says with surprise

Are you there now, Yug, your talk

Before Abhimanyu could complete his journey, he too had to face the same fate

Pointing his finger towards the world, he says, and you era

After saying this, both of them hugged each other.

Meet the childhood of Abhimanyu era

Friend Yug touched Abhimanyu's hair

While applying he says that you have changed a lot

Friend, big hair, big eyes

Abhimanyu says you have also changed

Hello friend, tell me when did I come and where are I going?

It's only today that I realized that you are there so late at night.

Take it a couple of hours earlier and I will be at my home

I am going to the grave yard, tell me.

Where is he going in such a deserted forest?

So late in the night and you have grown your hair so long

Why are you keeping it? For a moment I felt as if

That was Abhimanyu, he asks with surprise.

Thi means Yug turns the matter around and says

Don't leave and answer my question first

Tell me what to do here at this time of night

I feel like something is wrong, friend

[ \_\_\_ ] up babbling nothing if i tell

So what was I doing here?

You will laugh so it would be better if you don't know.

I will not laugh brother, first you tell me here

What were you doing? Abhimanyu says softly.

I was catching ghosts here, narrated to Yug.

Doesn't give and then he asks what did you say

Abhimanyu shouting in Yug's ears

It is said that the ghost was catching Abhimanyu's friend.

Hearing this, Yug started laughing loudly.

and says have you gone mad?

What kind of things are you talking to me, I feel like your childhood.

This habit of believing in ghosts started

You must have gone and you must have become wise now but

You still haven't improved, my friend!

It's like Dabba Ka Dabba was in childhood

Abhimanyu gets angry and says,

I told you that you would laugh, that's why I'm not telling you.

Tha Yug starts feeling guilty and he

He says softly, sorry man, leave it and tell me this.

What are you doing in my Guwahati these days?

I have a job, I have just come on vacation

There is a job in Guwahati but what is it for right now?

What did you say? I am a ghost hunter.

Certified Paranormal Activity Expert

we are ghost hunters

Yug stopped laughing after listening to Abhimanyu.

I couldn't stop myself from laughing, man!

What is laughing? Those who have less knowledge should laugh.

She often has more knowledge than yourself

Maybe you know that people think they are crazy.

We don't have 10 certified in India.

There are paranormal societies that are dedicated to finding ghosts.

I also work in the same society.

I am certified and then explains with a smile.

Tell me whether you have discovered any ghost till date or not

Haven't searched yet but will search soon

I will take it and how will it be Abhimanyu with his hand

Showing the device he says with the help of

Yug asks with surprise what is this?

It is called electromagnetic field meter

This means that the use of this meter

electromagnetic field within a time

done to check the difference in

It is said that when a ghost goes to some place

If you enter then there

changes in the electromagnetic field

This is how ghosts are detected

It also has a different type of sensor

who survives and tells us that our

There are some invisible forces around.

Even before he could speak he was electrocuted

The magnetic field meter starts ringing.

Asks with surprise what is happening

Why is this device making so much noise?

Abhimanyu looks around and says this

Signs that there is something around us era slowly

says means ghost

yes it has been for centuries

This is the old story of Yakshan

Story

Yakshan is a fire

Yakshan Tera Khwaab

Hey friend, did you hear the sound of surprise Abhimanyu?

asks along

How

Voice friend girl's voice Abhimanyu climbs

He says friend, what have you done since you were a girl?

I have been making noise ever since I came here

Girl's voice is saying Girl's voice

Which girl's voice are you talking about?

You friend, I don't know but really I did two or three.

a girl's voice

It seems your ears have heard too much.

Tell me this is ringing in your ears all the way.

I am wearing headphones and listening to music.

No yes but how did you know this or that's why

You can hear the sound, what is happening?

Whenever we sing continuously for three-four hours

If we listen then we will remember his words.

They go and whisper the same words into our ears.

start resonating

yes friend

But before Yu could say anything Abhimanyu

He says, leave your family, friend, I was saying since then that

Have to go to the grave yard and now the lock will open.

When I went, there was someone standing outside at an auspicious time.

Are you waiting for something or someone?

Waiting for someone to come and take yours

Yug will make the planet enter Abhimanyu's talk

Does not answer anything and goes inside the house.

would enter

There was no light everywhere inside the house.

It was dark, so dark that something

Abhimanyu was not visible in the house.

While entering inside he says, friend, here

It's so dark it seems like someone

Yug has come to the dark city with his mobile.

turns on the torch of his childhood Kothi

Yug knew that having spent his life in

Where is the light switch?

Yug finds the light switch and

as soon as the switch is pressed

There is light everywhere inside the house.

The house shines with light

Abhimanyu looking at halogen bulb

says

Hey friend, you noticed one thing Yug Haraaran

asks with which

The thing is that this house has been closed for 13 years.

But you can see for yourself that the light connection is still there.

It is working, how can this be possible?

Thinking about it, he says, it could be because of the light.

The electricity people may not have disconnected the connection.

Abhimanyu immediately asks why?

Because there is fear of Yakshini in their mind too.

and he would be afraid to come here

That's why they disconnected the light connection

Nothing will happen about Abhimanyu era

Doesn't answer because it's a matter of time for him

It looked absolutely fine and he started looking at the house.

Goes after Kothi being closed for 13 years

Because there was dust everywhere the spider bit many

All the webs were kept inside the house.

There were two big domes which covered the Kothi.

were enhancing the beauty of the house

The hall was made of marble with stairs.

There were huge chandeliers of Burma tick and bejal

The furniture of the house was made of mahogany wood.

There were many artworks on the walls

swords and ropes for decoration

The ax had different things hanging on it which

those old things were from very old times

Looking at it, it seemed that everything

there is some story hidden behind it

I had my eyes all around Abhimanyu Kothi.

turning around and saying

Man, this is a grave yard hut from inside.

It is a very luxurious building but it is such an old building.

Look it seems like just a year or two

This has already been made, say anything, friend!

English people do a great job

So good that it will last for years

I can't understand why you

The relatives bought such a nice house

Why was Yug Abhimanyu kept closed for years?

does not give any answer to the question of and that

He was watching her carefully from every corner of the house.

It seemed as if looking at the mansion

his childhood memories came alive

[music]

Yes, continuing my point

He says, friend, this house is also very useless.

Luck is your vacation after a week or two

After finishing it you will leave from here and then

such a lovely house should be closed again

Where will I go Abhimanyu Fatak

Says hey my city Bangalore where you

Where do you live and where will you go?

I just wanted to spend my holidays from the city, right?

it must have been filled

Yogda makes a face and says, "I

Left Bangalore and now I'm nowhere

I will always go here

I will remain Abhimanyu with tears in my eyes

He says what did you say you left Bangalore?

But why are you settled in Bangalore?

I went after uncle had calmed down.

You have been there for 13 years and now like this

What happened that you left everything behind?

I came back to my village, do you know the village?

life was very different from city life

And this bungalow is a turned village here

Even essential things are difficult to get

Yes, I know, but I have decided.

I have taken it no matter what happens but now I

always here

I will stay but why stay with you in the city?

What happened that you left everything behind?

come to live in the village

Gone friend, now manyu, look at you now, not mine

I'm in no mood to tell anything

Sir, it is very painful to travel a long distance.

Due to this I am feeling very sleepy so I am going to sleep.

give me i'll tell you everything in the morning

Neither does Abhimanyu understand the condition of the era and

Making a sad face he says yes, ok

But where will you sleep? Everywhere in the house.

So the dust is settled, will one sleep on this much dust?

Abhimanyu blows on the dining table

Where did it happen?

Yug looks around and says it seems

You will have to clean first thing in the morning

Well put two in my bag to spend the night

Blankets are kept, you take one and I

I'll take it, lay it down and then go to sleep.

do something in the morning

Yes, okay Yug, I will take it from my bag.

Takes out the blanket and both of them spread it.

sleep on it

Are

It was morning and it was 7:00 in the morning

Abhimanyu was still sleeping deeply

Then I heard the sound of a [ \_\_\_ ] crowing.

gives

and Abhimanyu wakes up

Abhimanyu yawns and opens his eyes.

and when he opens his eyes he

remains firm, he sees that next to him

I was not sleeping, Abhimanyu was surprised

Goes and starts wondering where this era will go

I have been here since I woke up in the morning and at night

Abhimanyu Yug slept with me in Kothi

He starts searching inside and calls out.

Says Yug oh Yug where are you Abhimanyu

Yug was being called again and again but

Abhimanyu was not getting any response from him.

Yug was found in all the rooms downstairs.

but he couldn't find it anywhere

Abhimanyu was upset Abhimanyu Yug

Looking for Marble Stairs

He would climb up and start going towards the upper room.

When he reaches there he sees

that just at the top of the stairs there is a big

The window was where Yug stood

Abhimanyu says to Yug that you are here

What are you doing now? How long have I been calling you?

I am trying so why don't you answer something?

There is still something left for Abhimanyu's question.

He was not answering very seriously

I was looking out the window with him

It seemed as if he was deep in thought.

Abhimanyu is lost while shaking the era

Says Yug O Yug, are you fine, where are you lost?

Gaya Yagya on Abhimanyu's shaking

comes out of the world of thoughts and

He says, hey Abhimanyu, you are up, yes I am.

So I got up but what are you doing here?

And why is this window not responding?

Pointing outside he says

See when Abhimanyu looks out the window

So be happy seeing the beautiful view outside

The Kino river is clearly visible from the window of the house.

It was visible which was flowing with peace

A black bush forest is also visible

which was spread far, the river was quite wide

due to which she was not visible

Looking out the window he says to you

You know Abhimanyu, in childhood papa often used to do this

used to sit on a chair near the window

And kept looking outside for hours at the behest of mother

But even then father did not wake up and when mother and father

She used to ask what are you looking at outside?

Papa jokingly says that you have 100 body.

I'm waiting for him to come to the river

And when will you signal me and then when?

Papa, I should go to him on this matter only.

Mom's loving banter kept happening

Saying this, tears welled up in Yag's eyes.

Let's go Yug continues his talk

Hui says Abhimanyu you know when there is happiness

moments turn into memories and

We realize that those moments of happiness never

Those who are not going to come back are the ones with happiness.

the moments that hurt us the most

Abhimanyu placing his hand on Yoga's shoulder

It says friend Yoga, take care of yourself, I understand.

I can remember the past through your pain

There is no point in shedding tears over it.

Forget old memories and have a new hope

move forward in life with

I understand that I am moving forward, past 13

that too for years

Why do you think that you are alone, friend?

I am alone, I am with you and my friends

People are also like family members

Are

[music]

It was a moonlit night and Yug was with a girl.

Small wave was sitting on the river bank

Touching their feet again and again

doing

Was

b

May my life be that beautiful dream that I want

Every day I see you in my life

I have no peace except in your arms

You can't find that part of my life anywhere else.

If you are a part without me I am nothing.

It's like I don't exist without you

No Yug doesn't know when

While talking, his lips touched that girl's

Both our lips collide

They stuck together just like the bhavra flowers.

When Yug and that girl cling to each other

touch each other, both of them

The body is like a cup and both are one

They take others in their arms

They don't know when both of them will return to the sand.

Doesn't work in that girl's black saree.

The era had completely understood this.  
Couldn't even guess that girl  
It looked like she was also wearing a saree.  
As if saree is a sheet in which both  
Every part of that girl's body was covered.  
Both were touching Yug's body part.  
Both of them had merged into each other.  
Every city was on fire in that era.  
I went very close to the girl, so close  
That girl's heart is moving fast  
Yug was able to hear the heartbeats clearly.  
I didn't feel like touching that girl's body.  
He used all the strength of his body to leave  
holding her body in my arms  
That girl had taken up arms with great courage.  
While rescuing the era, I have made it lie on the sand and  
Started opening the buttons of his shirt one by one  
She goes  
Yug surrenders himself to that girl  
And lying on the sand he starts sighing.  
The girl opens the button of Yug's shirt and  
The girl starts kissing his forehead  
She says while kissing Yug's forehead.  
you won't forget me  
Na Yug says softly no not you  
will i ever forget  
No, that girl kissing Yug again and again

I was just saying that you will forget me

So no no and Yug says never never Yug

That era was reading the heat inside

After kissing the forehead, she would start coming down.

and starts kissing Yug's chest

his inner excitement was increasing

His entire body was drenched in sweat.

And there were big drops of sweat on the body

he felt warmth throughout his body

starts happening he felt as if

He is warming himself in some fire.

The heat increases so much that he loses his sleep.

And she comes out of her dream

go

Hai Yug gets up with a jerk and says o

My God, the same dream again, saying this, the era ended.

the sweat of the forehead begins to digest

His entire body was drenched in sweat.

He says to himself oh god what is this why

You show me the same dream again and again and

After all, who is that girl with whom I did all this?

I keep doing it so close till today

I have never been with any girl in my life.

Who is that girl? What is my relation to her?

With all this in mind, Yug is at his place.

Stands up from his bag of water

Takes out the bottle and drinks the water.

starts thinking

Why doesn't this dream leave me?

Same dream was seen in Bangalore also and now

Here also, what kind of river was there in the dream?

But there was a river and who was the girl and her face

why can't i see

Sometimes Yug lies back and looks at the roof of the house.

Looking at it, one starts thinking that the river has been found.

Maybe we'll find that girl too, just once

If I find that girl then all these dreams will end.

Secrets will be revealed at least some connection

I definitely have similar dreams with that girl.

They also don't know how to have sex

Thinking about when will the era fall asleep?

she goes without even realizing it

[music]

Is

It was morning and the bells were ringing with the dawn

Abhimanyu was still sleeping deeply

Then I heard the sound of a [ \_\_\_ ] crowing.

She gives and Abhimanyu wakes up.

Abhimanyu yawns and opens his eyes.

And sees that Yug has got up before him.

Abhimanyu was sitting and thinking something

He says with surprise, Hey Yoga, when will you wake up?

Gone and what in the morning with such depth

Started thinking, first Yug came to mind

that he should tell her about his dream then

The very next moment he thought that Abhimanyu had

In order not to be considered crazy, he said nothing

Man Abhimanyu was just sitting like this suddenly

Says by the way you didn't tell me Yug

Asks with surprise what was not told

That's why you left Bangalore

What is the purpose of coming here?

Man I have not left Bangalore but

Bangalore has left me i mean

I don't understand anything, please tell me clearly.

What does it mean that my Bangalore

The job I had was gone, Abhimanyu was shocked.

He says while passing by that he lost his job but

How Yug remains silent and does not answer anything

Abhimanyu puts pressure on Yug and asks

Hey, why are you silent? Tell me, what's your job?

How did Yug go, he says taking a deep breath.

It's only been a year since I joined the company.

everything seemed to be going well

Life is set and future in this company

Will be set as we think

Where does it happen, how does it happen if in life

When everything starts going according to us then

Life is not the story of a movie.

Abhimanyu interrupts Yug and says

Hey friend, don't twist things, yes, straight forward.

what have you told me

Yug continues his point

says

Everything was going well when we

People were told that the company was running in loss.

Due to which the company's financial

Financial conditions had worsened.

To emerge from the crisis, the company laid off 50 employees.

Had decided to withdraw and when the list came

So my name was also in that list but like this

How did you get expelled from your campus?

Was the selection done and the package is also good?

yes but you know my field

electrical and electronics but

Used to get the coding work done with great expense

used to bother you so much that you yourself

Leave the job or perform poorly

Because of this he himself will expel you

You know this company and college people

There is a huge setting in the middle, what did you say?

the setting is

Answering Yug Abhimanyu's question

Well, this is also fine but where will you do farming?

You also have land for farming

Abhimanyu, are you blind? Have you grave?

The two hectares of land outside the courtyard

It is empty, haven't you seen it till date, son?

It's not land, it's a cemetery. You're probably forgetting it.

That's your grave yard, Kothi cemetery

Farming is built on top of a graveyard.

You want to do it, friend, what kind of things are you talking about now?

Friend, he is living in some two hectares.

The graveyard makes what could be just

This house must have been built over a graveyard.

The place is fine and tell me one thing my friend.

isn't it, you should motivate me

To cultivate that I go to do something new

I am sure this will also increase employment and

If the country will progress then I would like to

Why are you demotivating Abhimanyu?

Realizes his mistake and says

Sorry friend, I forgot that man

Not to do a job but to give a job

I should become capable in this work of yours.

I am completely with you, you are just a voice

Find out what help you need and I will come immediately.

I will be there thank you friend when you

As a friend is with me, any challenge

If you can't stop me then the work can start again.

do

What kind of work era do we see around us?

He says friend, you forgot again last night

I told you that the first thing you do in the morning is

Will do it to clean the mansion

There is so much dust here, yes man.

You are absolutely right, but see for yourself.

How big is the mansion if we both stay for two days?

Even if you keep cleaning continuously till then it is not complete.

dust not cleared

Wali, then what to do, you want like this

Let the dust remain, don't clean it, I say.

If this was not meant brother, then what does it mean?

what you meant was that someone

Two or three people are called for help.

If you stay, it will be done soon

Who will be called for cleaning? Who would like to come to the grave?

Friend, you are forgetting yourself in the courtyard.

Old friend, I am still in this village.

I call him a turtle

Yaar ya say while remembering something

Is this the same turtle you are talking about?

Whose real name was Kachhi and all that work

He did it slowly so we named him

I had kept the tortoise, yes, I am talking about that one.

Is it still the slowness of childhood?

When you meet me then see for yourself.

Saying this, Abhimanyu, take your mobile.

takes it out and starts calling the turtle

Abhimanyu says while talking on the phone

yes turtle where are you

The sound of a turtle comes from inside the phone.

Abhimanyu I on the Krishna River

What are you doing on the Kino river early in the morning?

Is there no toilet in your house?

who went to the river early in the morning to get light

Friend Abhimanyu, look, I am not with you right now.

I am in no mood to joke at all

Friend, why is your mind so hot early in the morning?

What happened friend here in Krishna river?

A big scandal has happened, what do you say?

What if there has been an incident in Snowy River?

Friend, you come and see something for yourself.

I can't understand how this all happened

After saying this the call got disconnected from the other side.

Abhimanyu goes on talking and says

Hello hey hello tell me what happened

Give as soon as the phone gets disconnected Yug Abhimanyu

Asks what happened to your face 12

why are you ringing

Man, a scandal has happened on the Kanoi river.

It has happened but I don't know what, friend

feeling scared feeling scared but

Why because friend, last night both of us

Kino was somewhere on the river where both of us were supposed to go.

After Yakshini made someone her victim

Yug was not created by getting irritated at Abhimanyu.

He says friend Abhimanyu you have started again

Your story starts with Yakshan and Yakshini

But why does it end?

Maybe something else happened on the river, friend Yug

Then you tell me what might have happened there.

Now we will know by going there only.

Then Yug and Abhimanyu went to Krishna river.

Both of them start leaving for the grave.

Had just reached the door of the courtyard,

Then Abhimanyu looked next to the door.

Abhimanyu falls on two black umbrellas placed

Yug is asked to do one thing and keep the umbrella also.

Why did I take the umbrella out of the window?

I didn't think the weather was clear.

It will rain, friend, as much as I have said, right?

Just do that now, don't ask any questions, understood.

Yes, ok, as per Abhimanyu's advice, Yoga Chhatri

Catches up and both of them go to Kino River

When he goes on the Kino River

When we reach, we see that there is a lot of water on the river.

The entire crowd had gathered; it seemed as if the entire village people had gathered there in a crowd

Abhimanyu starts searching for the turtle

Abhimanyu says while scratching his head.

Is

Friend, how to find a turtle in such a crowd?

So his short height and thinness on top

I don't know where he might be stuck.

Yug also said while scratching his head in the crowd

Are you wondering how to kill a turtle?

Find and I'm thinking that here

Why has so much crowd gathered?

As much as I feel even in the village fair

not so many crowds gather

Yes, you are right, since I too have been in the village.

This is the first time I have come here with so many people together.

I see, I don't understand.

What's going on here? Walk a little closer.

let's see what happened and maybe find out something

Yug and Abhimanyu go to enter the crowd.

Both of them just take a step or two.

As they were walking they saw a turtle

Abhimanyu says to Yug, look at the tortoise.

Where is Abhimanyu with his right hand?

points towards the front and says hey

Don't see where it is in front of me friend

Can you see where I am Abhimanyu?

He calls out to the turtle and says, "O turtle!"

The turtle is about 202 steps away from Abhimanyu.

A thin boy was standing who was black

was wearing a black colored vest

That boy sees Abhimanyu and

say slowly

Hey Abhimanyu you have come Abhimanyu Turtle

He calls and says, yes, I am here.

But here comes the tortoise, slowly clearing away the crowd.

Tortoise starts going near Abhimanyu

He was walking so slowly that after seeing him I felt like

It seemed that in about half an hour

Yug will reach Abhimanyu in his head

Holding his hand he says friend, this is till now

Just like in childhood, we do one thing slowly.

We will go near it otherwise it will last till tomorrow.

Will reach here yes yes

Come on, Yug and Abhimanyu go to the turtle.

The tortoise stares at Yug and says this

Who did you bring with you? Who is this turtle?

Even before Yug could answer the question

Abhimanyu says hey, I don't recognize him.

This is our era, forget our childhood friend

This is what you got from getting beaten by the teacher.

saves

The tortoise remembers something and says

Well, this is the era, when did Abhimanyu the turtle come?

I say all this while cutting off the topic of

I will tell you later, first you tell me that

What happened here? Why is there such a crowd?

Frozen tortoise holding Abhimanyu's hand

He says friend, I can't tell because

You know my heart is very weak

Come and see for yourself what has happened Turtle Age

And holds Abhimanyu's hand and leads the crowd

Removing the sides and placing them on the river bank

When he starts to move to the river bank

When we reach, we see the view there and Yug

And Abhimanyu's eyes remained wide open.

About 30-40 crows died on the banks of the river.

Yoga was lying and he said this with surprise.

How did so many crows die?

Abhimanyu got so upset after seeing the crows

The tortoise died because he was unable to say anything.

Looking at the crows, he says, that is yoga.

You know, in our village for some years

Not a single crow was visible and was seen today

There are so many of them, they are also in such a condition.

died

There were some men standing near those three.

The first man who was talking to himself

says

Hai U Aao Da Chhin Usal Sanket Gare Koch Death

The games have started

Coach another man says tapa hi sunny hun

I have come and snatched away the first sign of death.

Hun

hm yog says with surprise

What are these people talking to each other?

Answering the question of Abhimanyu era

It says that these people should talk to each other in Nepali.

You know we are in Meghalaya

Nepali Bengali Khasi Samia Stitched Hati Bodo

Bia Praar and Hanjo languages are spoken

Yug gets irritated at Abhimanyu and says friend

History of the language of Meghalaya I did not tell you

I haven't asked. I want to know that.

What are these men talking to each other?

You know I don't know Nepali yes

I am telling you why these people are so crazy.

talking among themselves that she is going to come

He has given the signal for the game of death to begin.

The era is gone, this is the first sign of death

Whose words do these people say with surprise?

Who is coming and what did she do?

The signal has been given, the tortoise says softly, Yakshan

The moment of yoga is about to come, it is he who has caused death.

It has been indicated that he would have given some reaction to it.

Abhimanyu thinks before saying something

Yug I feel it's all because of us

remained

is on our cause

How come seeing this we both took a grave last night

Opened the door of the yard shed and then in the morning

It's okay for so many people to die as soon as they happen.

It can't be a coincidence that this happened before today.

There has never been a turtle opening its mouth.

He says what did you both say to the grave?

Opened the door of the yard but why?

You don't know what grave yard

Kothi is Yakshan's second abode, now he

Will not leave all men as her prey

will make

While explaining to the turtle, he says, "Friend turtle"

It's not like that I tell these crows

How did this Abhimanyu die last night with me?

I had brought a device and sounds were coming from it.

Maybe he couldn't bear those sounds.

And you already know that he has died.

It would be that these birds are being attacked by mobile phones.

Abhimanyu says how much impact does the wave have?

Hey friend Yug, now you are my entire blame.

Do not touch electromagnetic devices

Please understand, for your sake I also agree that

These crows die due to the sound of my device but you

Tell me why only crows died and no other animals?

Even the birds could have died, just look carefully.

All the dead bodies here are of crows.

Yug becomes silent after listening to Abhimanyu.

Because he has some answer to her question

Abhimanyu did not continue his point further.

Keeping this in mind, it is said that this is a sign of coming death.

Before you don't know about crows

What don't we know that our Hindus

In the scriptures, crows are said to be the milk of Yamraj.

Went

There is a belief that the crow goes to Yamalok.

Chitragupta ji about the inhabitants of the earth

means the crow is the person's

account of accounts made in life

Keeps but according to Shagun Shastra

The crow is not only in Yamaloka but we

By giving signals to humans also on earth, our

predicts tomorrow and

The death of so many crows indicates that soon

There are going to be many deaths in the village Tortoise

also supports Abhimanyu and says yes

lol Abhimanyu is absolutely right my

Grandmother tells that in old times this

There was a tradition that if a crow sat on someone's head

If he goes and pecks, something bad will definitely happen.

It is meant to save you from the coming trouble.

That person wrote a lie to his relative

Did he inform about his death by writing?

But why

That's because after hearing the false news of death

His family mourned his death and

Then on the same day another letter was sent that

There was a false news written on his head

The crow had sat down believing that it was false news

The trouble brought by the crow is removed by blowing

Yug talks about Abhimanyu and the turtle

rejecting the saying if both of you

If you know all this then don't you know that

Kakabhushundi was a great devotee of Shri Ram Ji.

He also got the boon of voluntary death.

In today's times, crows were called Kakabhushundi.

This belief is considered to be the same model.

That is, if a crow sits on someone's head and pecks

It is inauspicious if you kill, but this is also a belief

If a crow just sits on your head, then the ultimate

It's good, now both of you tell us how

Find out that the crow just sat on our head

or he might have pecked Abhimanyu and

Tortoises always remain silent in their words

Continuing further says or separately

There are different beliefs in religions

Seeing a crow is considered auspicious in religion

So there is something inauspicious in some religions and something inauspicious in some religions.

It doesn't matter because that's all

Don't believe things and I don't believe either.

This is all just superstition and nothing else

Understand both of you, the tortoise says in fear, friend.

If you don't believe then don't believe but you both

Did not repair the grave yard of the house

You know the grave by opening the door

To close the door of the yard shed

How many people gave up their lives at Yug Chowk

What does he say when he closes the door?

People sacrificed their lives for this

Why is there no answer to the question of tortoise age?

his eyes were on dead crows

The fear in his mind after seeing that he was buried

He was moving forward while shaking the turtle.

He says, hey, what happened, why did you become silent?

Tell me how to install the door of Grevia Kothi.

Why did people sacrifice their lives for this? Why were the tortoises afraid?

it is said

People have given their lives but

The Yakshini had taken his life; the Yoga era was surprised

What does one say with a Baba?

Told that after killing father, Yakshan

He had lost his passion and then he started killing people.

Why did you know, she had calmed down, right?

Abhimanyu asks this with surprise

Who told you there is a Baba in the train?

We met, he told us about the turtle era

Putting his hand on the shoulders, Yug says that

Baba had fooled you Yakshini one

She is a witch and the lust of witches never ends.

Sometimes it happens but the body increases day by day  
Understood, Abhimanyu also says while explaining to Yug,  
Look, there are thousands and lakhs of people in every village.  
Things are understood but only 10 of them are true.

Yakshini is still talking and has not calmed down.

rather he was imprisoned in the grave yard

Yoga says with tears in his eyes in the room

What is the grave yard where he was imprisoned?

Turtle in Kothi telling the whole story to Yug

says

Yes Yug Dadi told me that 13 years ago

After your father's death the villagers

It was decided that the grave yard should be closed.

It should be done because everyone said that

Grave yard coat from the British era

Do you know Yakshini's second abode?

When your father died, your elders

Papa, what is his name, my friend, your elder father.

What is the name of the era and says while making

Looking at the face of Dilip Yug it seemed like this

as if he should take the name of his elder father

Tortoise says happily

Yes, you are right, after your father's death.

Dilip uncle with some of his men

Grevia had gone to Kothi to collect your father's body.

But they are not found anywhere in your house.

Papa's dead body was not found, my friend, yes yours.

It was Papa's writing room.

Where he used to sit and write stories

It was completely stained with blood, blood everywhere.

Tha Yu says angrily that he knew all this

you tell me what you want to tell me

Turtle explains to Yug and says, hey tell me

I don't know why you are angry.

Dilip uncle's grave yard is also closed.

wanted to get it done but whenever he

Used to send lock to grave yard kothi

Couldn't put a lock on it

On the contrary, turtles used to lose their lives

Yug and Abhimanyu listening to

Tortoise had sweat on both their foreheads

Continuing his point he says

Do you know all the blood on the dead bodies of those men?

It was sucked, there was not even a drop

There was blood on his dead body and on top of that there was a

Not even a scratch, but his heart is missing.

Now you used to tell me the work of a person.

Could it be that Yakshini was them?

Whichever grave she used to kill in Kothi

Used to go to lock the door while staring at the turtle

says

So what happened in the graveyard

how to lock

Gaya grandmother had told that this

There is a place where there is a mehendi stone.

I have forgotten the name but there is no temple at that place.

Mosque and Church are together there

Pandit Father and Maulana were called

To close the door of the grave yard chamber.

Then what happened to those three?

grave yard with the power of his spells

Locked the house and locked it too

Gave

But while the tortoise is speaking, the era stops.

Wiping the sweat from his forehead he says, but what?

tell further

The tortoise takes a deep breath and says to all three of them

Did he have to sacrifice his life?

Why is it said that a soul is in some place

His favorite thing to capture

Sacrifice has to be made and Yakshini gets a man

The villagers liked Yakshini very much

To save those three religions from the terror of

Gurus locked the graveyard

sacrifice oneself with one's own hands after applying

Di Yug says with surprise but Yakshini

How could she do this? Papa used to say that

Yakshini was a very good woman in the tortoise era

He interrupts and says, what did Yakshini say, that too?

Okay, you tell me, is there any good witch ever?

Can Diana ever do good to anyone?

can't want

Got it friend, but father had said that Yakshini is very

She was good but she was cursed with some kind of curse.

Due to which Abhimanyu also became a witch Yug

Supporting Yug, he says, yes man, Yug is fine.

He is saying that I also read it in some book

Is it true that the Yakshini is different from others?

It comes from people, it's like nymphs

And she is also worshiped like a goddess.

I don't know how this Yakshan Badi became a tortoise.

While climbing he says friend, I don't care about you both.

I don't want to listen to nonsense

I will say that the village says that Yakshini is a

Understand that she is a bad witch and you two don't argue.

Change, the issue is not that Yakshini

good or bad the issue is whether you

Both of them opened the door of the grave yard.

Understand that Yakshini is now free if she did not open it properly.

And now he has to cross the river again.

by having sex with men of

The era will start making its prey

The turtle says in defense of your words.

It seems like te mean me

It meant that he was in the Yakshini Grave Yard

Was imprisoned in the cell and the grave yard of the cell

By opening the door we have set him free

No Am I Right Yes So Tell Me One Thing If

Yakshini was imprisoned in the grave yard cell and

We freed him so last night I

And Abhimanyu in that grave yard Kothi

I told you that we both slept peacefully.

Why did that Yakshini do nothing to both of us?

Did the turtle quickly say as if he had this

The question should already be answered because tomorrow

The night was not new moon or full moon era

Yakshini owns Amavasya and Purnima only.

If you hunt then tell it to elder father.

The man who locks the tomb in the grave yard

Would they go and die?

He used to go on full moon and new moon days

They too must be going on random days, right?

Becomes silent after hearing the answer because now

He had no answer left Abhimanyu

Ending the argument between Yug and Turtle

Hue says, just do it, you both.

Whether Yakshini is there or not, she will come after seven days.

You will come to know on the next full moon. Do you understand?

Both of them should do the work for which they came.

First the tortoise asks with surprise, "For what purpose?"

Abhimanyu, both of you had come to laugh.

He says something so that the tortoise obeys him.

Well look tortoise, you already know yourself.

Yug friend, how far has he come from?

After so many years it won't get any help

Friend Tortoise Abhimanyu wanted a finger

Showing it he says friend, look Abhimanyu.

No, don't talk in such a roundabout way that

You also have to say, speak directly, I am not yours.

This is a childhood habit that makes you climb on the gram tree.

I definitely know that you have something to do with me.

The work will be done only if it comes from your mouth and for me.

Sweet words are bursting out, what is the use of saying?

Abhimanyu laughs and says what is that?

No tortoise, now this is my friend Yug.

Will stay here leaving all this with me

He has come to his grave yard Kothi

Isn't there dust there, so wanted this

that we do some cleaning there so that it

Neither could the tortoise live well there, angry

while saying

Are you going crazy Abhimanyu?

Do you know that there is Yakshini there, still you

Friend, the tortoise is talking like this, we told you, right?

We both came there to spend the night

There is nothing there. Understand and don't forget to look.

Yug saved you from getting beaten by your teacher in childhood.

Yes, I saved you, the tortoise says while making a face

It would be better than dying at the hands of Yakshini.

This era came to me in my childhood at the hands of a teacher.

to get beaten

Friend turtle, don't say that, we are very happy.

have come with hope

Abhimanyu starts hitting Yug's hand.

Yug understands her hint and falls in love

Says please turtle, don't forget brother.

I saved you from being beaten by the teacher

Seeing the sad face of Na Yug, the tortoise talked about him.

He agrees and says yes, I am fine.

I will go but I have one condition Yug quickly

Asks what is the condition of your words tortoise?

While telling you the condition, he says that you are a coward.

Now you will have to take it with you too

I know I don't feel like anything without her.

I don't think so, Abhimanyu says happily

Hey, I had forgotten that we are from childhood.

A coward was also one of the four friends.

Where to find that tortoise says and where

You will find my coward at Bindu's shop.

Without feeling like it and without the point of being a coward

Bina Yug says losing his head

I remember this coward, but this point

I can't remember who it is

Now Manyu says what did you say to Bindu?

you also forgot

Friend, I have not forgotten about Bindu.

I can't remember anything, I don't know why

If the tortoise says then let's go and we will remind you.

When you look at Bindu, you remember everything.

Yug will go to the tortoise and Abhimanyu will go to Bindu

took his first steps to go to the shop

It was just then that it started raining.

Looking at the clouds he says hey what is this

How did it start raining when we left the house?

The weather was clear then Abhimanyu Umbrella

Opening it he says son, this is your Meghalaya.

It keeps raining here, not Bangalore city

I understand, that's why I [ \_\_\_ ] you at home.

As soon as Abhimanyu asked to take the umbrella

The tortoise opens and comes inside Abhimanyu's umbrella.

The era goes and opens its umbrella

Abhimanyu says Yug you know Meghalaya

Why is it called Meghalaya? Yug Harani

says with why is said with because

The word Meghalaya literally means cloud.

Ka Aalaya i.e. house of clouds from its name itself

We can understand that it is very rainy

The area here is from other states

There was more rainfall than

It is called Meghalaya, so it is like that

While talking like this, Yug Abhimanyu and

Turtle starts going towards Bindu's shop

There is light on this side, near Bindu's shop.

Light rain drops were falling saying this

It could be that it was raining sparingly.

The winds were blowing fast due to which he

Bindu's little girl had swept away the clouds and taken her away

Bindu had a tea and food shop.

Three-four-four tables and

There were chairs on which some customers

Were sitting and drinking tea and eating some food

There was a table in between those tables.

On which a young man wearing a white kurta

The boy was sitting who wore a cap on his head

He had a pen in his hand and a

in which he was writing something to that boy

Some children were also standing nearby

those who were wearing school uniforms

Looking at the children it seemed that Navi

That boy will be in the book in tenth class

saying while writing

I look super cool for you

I have brought roses if I want to.

If you like me too then tell me

three times

confess

what is your name oh that boy of yours

Asked a child standing there and the child

He says yes brother, that boy is sitting on the book.

Your dear lover says while writing

Bunty: Saying this the boy tears the page and

Make a letter out of it and give it to that little child

and in return the little child would give him 10

It is said that now she will get laid, won't she?

The boy says what will go straight son?

I understand that she will return to your arms

One of the little kids standing on

The one who is about 10 years old says

Brother, write a love letter for me too

No, you have such a small life, still why are you with me?

I fell in love brother, there is no age for love

there is little

Okay, tell me what is your wife's name?

Brother

What did Bindiya say?

As soon as Bindiya's name comes, the boy

babbling

It is not at night when we feel reproached.

we have seen you since

Bindiya that boy had just said that

Just then a girl came there with a tray of tea.

The one who was short in height was wearing a red kurta.

wearing a round face and that round face

But that girl is a small round red dot.

She says in Bengali while staring at the boy

What are you saying? The cowardly coward says this in fear.

Bindu is nothing, I am just this child.

write a love letter to his girlfriend

If he was doing it then even his wife's name was not known.

By mistake, Bindiya turned out to be her sister.

what does it mean to have love for you

Don't you have any work other than writing letters?

Why do you sit here all day long and do any work?

No

I am just doing my work Bindu you

I don't know how great a poet I am going to be.

I just once read my poetry book

let's see once it gets published

you and your poetry both are bad

Bindu is a coward, she was just fighting with the coward.

That's why Yug Tortoise and Abhimanyu came there.

Yug goes cowardly and Bindu fights.

When he sees it happening, he remembers the point.

And he says you both are not there yet

Change friend, you fight like in childhood.

Yug used to fight with Bindu Harani, right?

Looking at it she says why do I feel like this

It's like I've seen you somewhere

did i know you before

I am answering Abhim Bindu's question.

It says, Hey Bindu, this is our era.

I forgot this childhood friend in my childhood.

He used to grab your two braids and pull them.

He is the one who named you, right?

Bindu Bindu happily says to Bindiya

This is a good era, eat your peel, Yug Abhimanyu.

starts looking towards because he

Bindu did not understand Bengali

Abhimanyu while explaining to Bindu says, friend

Bindu, neither is it your childhood habit nor yet.

Sometimes she talks in Bengali and sometimes

Do you know Yug in Nepali in Hindi?

If you don't know Bengali then where will you come from?

Bindu understood by talking to him in Hindi only.

Feeling guilty she says yes, sorry.

I had forgotten when you came, Yoga just came yesterday

I Bindu the Tortoise Bindu's hand's tea

Looking at the tray, Bindu says now only

How could a coward get his point across?

already cowardly pointing the finger at him in anger

What did you say, Turtle? You are a coward.

The name is Kairav George, I think the turtle is from somewhere.

Hey, he is for others and you are for us.

Our coward and our poet will remain the same.

Don't disturb, I will talk to Bindu right now.

I am there, yes Bindu, I was saying.

That you only burn the heart of your childhood, lover

Will you give tea to the coward or will you make us drink too?

Bindu gets angry and says it's you

Turtle in force one more time

Say nothing, nothing, that's what I was saying.

Or bring three cups of tea and eat the coward's money.

Write in yes yes I know from your pocket

The miser has never spent even a penny.

Before Bindu could say anything else he left the shop.

His mother's voice is heard from inside.

Nesso

Bandiya Aami Shil Maa Saying this Bindu is my

Bindu starts going to her mother.

Yug's eyes while going to mother

She was fixed on Bindu, looking at Bindu.

The era had become sad, this sadness of the era

Abhimanyu notices and asks him

What is it that you are so sad after seeing Bindu?

Why did it happen, nothing, just thinking about it

The point is that we all are able to read and write.

She was smarter than most people, wasn't she?

How did this tea shop become like this?

Tortoise has to run a tea shop

He says softly that all this is because of Yakshan.

It has happened that Yug Yug is shocked and says what did he say?

Because of Yakshini the tortoise put forward his point

Continuing he says yes yoga not you

Let me know when your mom

The tortoise had just said this and then

Abhimanyu came and patted the turtle's back vigorously.

It seems as if there is a stream about to stop.

The tortoise turns the topic around and says, "I mean."

That when your mother left and you

When I was in the hostel, at that time Yakshini

Bindu's father was also made their victim.

Now you know that Bindu's house

His father used to run it after his passing.

After she and her mother became alone, Bindu

started helping his mother and

Bindu opened this shop and also studied.

There is also a tea and food stall

Yug runs and says with a hanging mouth.

Okay Abhimanyu says changing the topic  
Leave it friend, this came after so many days  
You are there, don't be sad now, I understand all this.  
What kind of person keeps going on and on?  
One day is not less in life  
Doesn't this mean that everyone has to die?  
That we will stop living Yuga Abhimanyu  
Understands the point and says what you say too  
It is okay Abhimanyu that our loved ones pass away.  
Even after this, one has to live  
If not for yourself, but at least for your karma.  
You coward, tell me how you are and what's going on.  
Nowadays, before a coward can answer this question  
the tortoise would speak quickly  
what is he doing hey he is doing that  
The one who used to hit the line on the dot in childhood  
And Bindu still doesn't give it any meaning.  
Like childhood, a love letter remains a mistake but  
Those who study in school not for Bindu  
He gets money from that for the children  
And because of that the coward is making a living  
Hitting the turtle on the temple jokingly  
Don't say anything, turtle, you will understand very soon.  
I am going to become a great poet, I am just a  
Let's see once my book gets published.  
My name will be everywhere, that's for now  
Luck is going bad so no publisher

How can I not get your poetry like this?

She works like poison, you consider her a coward.

Knew it was useless to argue with a turtle

That's why he says to Yug, Yog, you are not this

Don't fall for the turtle's words. You know this.

Tell me, he has a childhood habit of joking.

How did you coward come and that too after 13 years?

Also about his job and startups

Tells everything after listening to everything

The coward says with surprise that you are crazy.

So it's not true that you used to take drugs in the city.

If not then why what plan did you like?

Didn't it come friend, is this your plan or

You know how to kill people, right?

This grave yard is above Kothi cemetery

And you are farming on the graveyard.

I am thinking of assuming that we have done farming also.

And if the crop grows then who will buy there?

Thinking that you will be scared before eating vegetables

Make sure that the ghost doesn't come and the era will get irritated.

He says friend, I will not explain to each one.

I am upset now I don't know anyone

Persuadable if all three of you support me

If you want to give, then give, otherwise I can do it alone.

I need someone to start my work

I don't need anyone anymore

Not even a Yakshini can stop you, you understand

Ahmed was there before anyone could say anything.

Who used to work at Bindu's tea shop?

Brings a tray and keeps it Ahmed's age

Ahmed would be around 1617 years old by giving tea there

goes away from

Hai Yug Abhimanyu the tortoise and the coward started drinking tea

There was silence between all four.

It was visible from Yug's face that he

is angry and if you try to explain anything to him, he

There is no one to understand while drinking tea.

says

Okay, I'm ready but I have one condition.

Yug says with surprise, now it's yours.

What is the condition, first this turtle condition and now

Tell me your condition, what is your condition friend?

Papa was also a writer, yes, that's your friend.

If I have a conversation with a publisher then I too

Your father would love to get the book published.

He was a great writer, explaining to a coward.

He says, 'My father is a coward, my father was a writer.'

I don't understand, do you know now, my father?

I am not in this world but still I ask such questions.

Are you a coward? Does he become sad?

Looking at his face he says, I have one or two.

I have the publisher's number and will talk to him.

I will see that the coward is happy to hear this for you.

He agrees and hugs Yug and says

thank you thank you my

[music]

Bhai Yug Abhimanyu Tortoise and the Cowardly Grave

were inside the courtyard and for the last four hours

Those people are cleaning the grave yard and Kothi.

Yug was holding a cleaning cloth in his hand.

So Abhimanyu and the coward had a broom in their hands and

reached the turtle's hand and completed it

Gravia was making the mansion shine as

The dust of Gravia Kothi was clearing

The beauty of the grave was increasing all around.

While cleaning the hall, the coward

the mobile starts ringing

[music]

This is the ringtone ringing in the coward's mobile.

The one who hears this is going to attack some coward.

Kahta Hai Yaar Kaar Tujhe Koi Aur Ringtone

Didn't you meet? Do you think you are a Bengali girl?

likes but that doesn't mean

You coward will keep the ringtone also bengali

Taking out the mobile from his pocket he says

Man, I couldn't find any other Bengali song.

What did you say, the song was not found in Bengali?

Saare to songs tujhe hai amitabh bachchan

Ekala Chal Gore song nahi mila ki so nice

The song is There is no answer to the tortoise's words.

Gives and says yes while picking up the phone

Bindu what happened to the car grave yard kothi

I will praise Bindu and you will praise me.

It was told in the message that Yug is now here.

If you remain, then clean the grave yard and the kothi.

I am leaving, I didn't see the message.

Quickly come here and get that ration from the shop.

If it is finished then take the mehendi stone.

I have to go now, Bindu, just come.

wait a minute

Having said this, the coward hangs up the phone.

The coward hangs up the phone. The tortoise stares at the coward.

He says, he has come, call the coward sir.

Although it does not give a dotted line, but whenever

If there is any need, she will call immediately

These girls are very clever when

They remember us only when they have to work.

Otherwise he will follow his path and we will follow our cowardly turtle.

He says while climbing and we boys are less

Are we also drivers?

I only want one thing from girls

There is and there is their body, the tortoise understood.

that the coward has become angry with him so he

Realizing his mistake he says sorry

dude i was just kidding i don't know

did you feel bad

I will go friend turtle, how many times have I told you?

You have to make fun of me, use my poetry

You have to do it together, but don't do it from my point of view and

Don't you even say anything about it?

Sorry, I love her so much

Friend, stop this sorry and worry and do me a favor.

The tortoise asks with surprise what kind of work

The coward handed the broom to the turtle and said,

You please clean my part also.

This room should be clean when I return

did you understand? the tortoise makes a face and says yes, understood

Gaya the coward looks at Yug and says to him

Hey Yug, I'm leaving, sorry man, but what?

I can do it, Bindu has called me, I can't refuse.

But don't worry as soon as the work is over

I'll be back here you coward's shoulders

But he places his hand and says yes, I can understand.

I am Bindu, she is a good girl, never be with her.

I don't want to leave, he hasn't said yes but

Her eyes will soon speak for you

Love is clearly visible to me, I'm a coward and walked away from there.

From the tortoise era after the departure of the coward

Yug says he mopped the floor below.

I have a job upstairs

I'll come back with the broom until you two

Please clean the hall here, yes ok but

Be careful, don't fall, why did I fall?

I think I am a human being and will fall so low.

The tortoise climbed the stairs saying

Abhimanyu starts going towards the room.

Yoga asks, can I ask you one thing?

Abhimanyu friend when you were explaining to the coward

No love about love at that time

There was a different shine in the eyes and such a shine

Can be seen in someone's eyes only when

He may have also loved someone in the middle of the era

I interrupted Abhimanyu and said, "Friend."

What do you want to ask, ask directly

Why are you talking in a roundabout way and I

Wanted to ask if you are in Bangalore

Abhimanyu's issue whether our sister-in-law was found or not

Hearing this, Yug feels shy on your face.

Seeing the smile I am confirmed that

If you have found our sister-in-law, please tell me.

What is the name of Bhabhi's Yug says shyly.

It's Shalini Mehra, wow man, that's a great name.

She is beautiful and even more beautiful than she looks

There must be photos in the mobile, friend!

Show me, let me also see how sister-in-law is.

Yug is seen taking out her purse and

One of them is passport size photo.

Showing it to Abhimanyu he says this is

Shalini one inside passport size photo

She was a very beautiful girl with a long

The face was dark and the hair was long and golden.

Eyes and pink lips Shalini so beautiful

It was such that anyone would fall in love with her as soon as they saw her.

Go Abhimanyu says while looking at the photo, friend

Sister-in-law is very beautiful but I have to respect you too.

It will cost 90 in the 21st century

carrying love

Yes, that's not the matter, friend, it's all about the mobile.

I have deleted Shalini's photos.

What did you say, you deleted all the photos of your sister-in-law?

But why friend, those people in our life

We can't remember them from our mobile.

should also be removed because mobile too

You have a second life with someone

you always stay

yes friend, I don't understand what you are saying

Now tell me what is your sister-in-law's photo mobile?

Why did you delete it from your and sister-in-law?

My friend Abhimanyu has broken up first.

So stop calling Shalini as sister-in-law.

Got it and we haven't broken up, we are separated

Have become

Why are you separated, friend, just now you

Gave me happiness and that happiness in a moment

After all you snatched it away from me

Bhabhi sorry what happened in between Shalini

that you are separated and if any small

If there is conflict then it happens in every relationship.

Nowadays, this is how love grows

Yug doesn't respond and starts cleaning.

You start pretending, yog tu na mouth

Don't tell me how you are with Shalini.

I want to know why Mila and you separated

I want it friend, tell me tell me friend what are you doing

Will do after knowing all this and leave all these bad memories

Forget it, there is good in it, how come?

Leave me friend, you don't know how to share the pain

I know I am less, your pain is less.

can't help but go through that pain

I can definitely support you Abhimanyu

When forced to tell him about Shalini

I agree to tell

Hey friend, it's me and Shalini, right now Yug has done so much

I had just said this when I heard a loud scream from the turtle.

the sound was heard

Abhimanyu says this with surprise.

The cheek is of a tortoise, yes friend, I know it belongs to him.

No, let's see what happened.

[music]

Are

[music]

Guru and Abhimanyu run to the upstairs room.

When they start moving towards the turtle

When we reach, we see that the tortoise is in a room.

stood like a ghost in front of whose

The door was stuck because of the turtle's hands.

My feet were still trembling after seeing him.

It seemed as if he had seen a ghost

Abhimanyu immediately asks the tortoise what?

Turtle, you screamed, why did the turtle get so scared?

His eyes were unable to say anything.

It was still torn and red like that of a tortoise

Holding my hand he says, "Tortoise, don't be afraid."

Why are we here? Now we are scared.

It's nothing, please tell me comfortably.

What happened? The tortoise doesn't say anything except his words.

hand pointing down the door

When Yug and Abhimanyu's eyes meet

Abhimanyu turtle falls under the door

What is it indicating below?

There is nothing below, the turtle stammered.

says

is below

no on the doorknob

See when Yug and Abhimanyu open the doorknob

But when we look, their eyes widen in tears.

A big mark remains on the doorknob

There was a lock on which a red cloth was tied.

and over it with white sandalwood

Swastika was made on the same lock

An amulet of Muslim religion was tied

in which something is written in Urdu

There was a Christian cross along with the amulet.

The locket was also hanging on that lock Abhimanyu

Shocked and surprised to see

What does it say on the lock of this door?

Why so many different religious amulets

are tied

Yug looks at the room and says, this room is  
It's Papa's and this is the same room where  
Abhimanyu he died while thinking something  
Says it means that the turtle's grandmother gave him  
The story that was told is true.  
says with  
meaning Abhimanyu says while explaining the era  
This means that after seeing the turtle's grandmother,  
Told me that your elder father means Dilip.  
Uncle got the grave yard kothi closed  
For three religious gurus from mendi stone  
He had called the priest, Maulana and Father.  
People must have come here and your Yakshini  
She must be wandering in Papa's room because  
It was in this room that he killed them, so they  
The three religious gurus used their divine power  
locked this room using  
And this room will be filled with divine power from outside.  
So that Yakshini is in this room  
Yoga and the tortoise could not come out of the surprise.  
We were listening to Abhimanyu's words along with him.  
Abhimanyu continues his point  
Says to lock Yakshini in this room  
Those three religious gurus must have gone down after  
And they locked themselves outside and sacrificed themselves.  
Must have been given so that Yakshini gets imprisoned here  
I told you that the soul is somewhere

But to capture, sacrifice has to be made and

Those three religious leaders also did the same

It will happen, the tortoise says with a sigh.

This means that Yakshini is still free

She is not in this room, this door.

It's a very good thing

Look, if you have opened the grave yard then

Opened but please don't open this door otherwise

Everything will be destroyed because you don't understand anything.

Was wondering what he would say tied at the door

The amulets were clearly testifying that

The story of the tortoise's grandmother was true but Yug's mind

still refusing to accept this

He still felt that it was just

Superstition is nothing else Abhimanyu

check the door thoroughly from top to bottom

He was just watching when his eyes fell on the door.

goes to the number plate and that number

Would have been even more shocked after seeing the plate

When Abhimanyu puts his hand on that number plate

When he turns it, it feels like an electric shock.

Abhimanyu

Seeing Yug retreating with dismay

He asks what happened to you now, are you okay?

Abhimanyu staring at the door with fear

He says this room, this room, this room belongs to the devil.

there is room

Yug Yug says with wide eyes what?

Said devil's room Abhimanyu with his hand

Pointing to the door number plate

Hue says yes Yoga is the devil's room see that

6 s i.e.

666 is called the devil's number.

What nonsense are you talking Abhimanyu?

Don't

I said I am not saying anything but maybe

You don't know but in Christianity it is considered

The number is considered to be about this number

It is said in the Bible that it is of Satan

The number of people who follow the teachings of God

Tries to destroy and this number

Keeps with him the Christian religion

Opponent is called, do you know this number?

Satan was summoned with the help of and

In ancient times, some evil people

Use this number to fulfill wishes

Yug used to call the devil using his

you say with a false smile on your face

just kidding

no no yoga i'm not kidding

Bible New, the holy book of Christianity

The last book included in the test was

Numbers in the 13th chapter of the Book of Revelation

6 C's are mentioned, this is important because

Because in this book this number is called the number

Where is the number of Beast i.e. Satan?

Yag asks with surprise what are you talking about?

Abhimanyu continues his talk.

Hue Says Yes Yug of The Book of Revelation

The book of the mysterious writer John in 96 AD

It is believed that it was written

The book has always been in controversy but

Do you know about the earth in this book?

Tortoise is predicted to end

Scaredly says what was prophesied

Hey Manyu please

will tell yes I will tell it is told in this

That when the earth ends, that time will be very long

Fireballs from the sky will be terrible

Terrible cannibalistic creatures will fall that eat humans.

Those who drink blood will be born even a little

There must be a lot of humanity left and that too is devilish.

will end at the hands of the powers that be

When Abhimanyu said this, for a moment

Yoga and the vision of the earth through the eyes of the turtle

The ending scene started happening

Abhimanyu continues his point

According to this, it is said that at that time the devil

Powers will dominate the entire world Main

Two devils will be born, one of whom

devil forces people to worship another devil

motivated and ready to

Then the tortoise will do it and says rightly.

Is this the end of man?

He will find no way to survive

No

John K., author of the book Bachega Bachega Kachhua

Anus Saar If someone saves himself

If so, they will have two options: first or

So they got the name of Satan or Satan

Tattoo the number 66 i.e. 666 on your body

The era will be filled with sweat on its forehead asking

says

Abhimanyu wrote all this in just one book

What a human being must have written I these things

not to

If you don't want to agree then don't agree with me.

Things don't become false by believing or not.

If you tell the truth then no one can lie to you.

Don't know but in many books 6

The devil's number is said to be 6. Do you know it?

Sa is also considered to be related to the Hebrew language.

Yug goes scratching his head and says

Now what would this Hebrew language be?

It is in Hebrew language only 2000 years ago

was a medium of communication and also the original Bible

The Hebrew language is in the language itself in Hebrew

Numbers are written as letters or

We can say that each letter represents a number.

6 C was also associated with any letter.

was connected and was used as a code

was Hebrew for gamet or turtle in the middle

He interrupts Abhimanyu and says now man this

gamete or what is gamete or letters

is a system for decoding numbers into numbers

The Hebrew language is read from Gamet or

In this, the number one is God's number and our

The way you are described as perfect

God is complete in himself, similarly the number seven

is also said to be the completion number

Yug asks with surprise why so?

Why is the number seven considered complete

Because in the Bible it is believed that God

created the world in seven days

Hence the number six coming immediately before seven

is said to be incomplete and also

It is said that God created man on the sixth day itself.

and on the sixth day itself God

Adam and

Eve had to become the food of their wrath

The tortoise again interrupted Abhimanyu.

Now he says who is this Adam and Eve?

Turtles are a different story and some other time now.

You focus on the triple C and say Adam and

the one who incited eve to sin

There was a snake which is considered to be the form of Satan.

All this happened on the sixth day after the creation

That's why six is of sin i.e. of Satan.

Numbers are considered as we all know

Yakshini after having sexual intercourse with men

If she kills then maybe she too is a devil.

And he is the one who wrote this note on the door

So that he can call the devil Yug Abhimanyu

He opposes this and says, but Papa

It was said that Yakshini is a good woman of the era.

All I said was that the door which

Those people were standing in front, that door itself

The door starts shaking so violently

It was shaking so hard that it looked like

It felt as if someone was pounding on him from inside.

you are kicking and kicking

Seeing the door shaking, Yoga Abhimanyu and

Tortoise: All three lost their senses, Tortoise got scared

The tortoise started trembling in fear.

He says look yoga I told you inside right

Yakshini is looking for the exit

She is suffering, now you are convinced, right?

Yakshini inside this room

Even for a moment the era closes its door

I was scared to see you moving but when he

When he looked towards the window, he lost his life.

Yug came to life with his hand towards the window

Pointing, he says to the turtle:

Look, the weather outside the window is getting worse.

looks like a storm is about to come

Is there any window open in the inner room?

Air is coming in from there and when from the door

If you collide, it feels as if someone is hitting you.

Yes, I have known you since childhood.

In the name of not doing your work, you are a slacker.

Now let's leave all this and get back to cleaning.

Go, the tortoise makes a sad face and says no.

Friend, I can't do it, how come?

No UPSC exam will be held

There is something that cannot be done even with a broom.

Do one thing if you have to clean the upstairs.

If you don't want to do it then don't do it, go down and

Mopping the hall is considered cleaning above.

I and Abhimanyu will do it and don't forget you coward

You have to do your share of the work too.

[music]

Yes, I will go, but first make a promise, no matter what.

It may happen that you don't even touch this door and

Yug will think of opening only with folded hands

Hui says yes, my father, I will not open it now.

You go down with a broom and a tortoise.

Abhimanyu era is there only after the departure of the turtle

Asks something about Yoga Tu Yakshan

I was saying this a while ago, yes, I am saying this.

I was asking how can you say that this 6

Do you know that Yakshini has made it?

Papa had told that Yakshini is a good woman

She just became evil due to some curse and

I know my father never lies to me

You could have said it but you forgot that day, you should say it.

It was believed that it had come from Yakshan or other people.

Who was worshiped like a goddess earlier, now

You tell me who is worshiped like a goddess.

Why would she do the devil's work?

Abhimanyu is deep in thought after listening to Yug.

He goes and thinking, says man, see?

If you go then you are also right but then this

What is Triple C doing above this door?

and who might have made it

I know where it came from and who

Must have been made, Abhimanyu asks with surprise.

Is

Who has forgotten, friend? You told me, right?

Grave Yard Kothi is of British era

And he made it yes

So brother, we all know how many English people there are.

They were bastards and this 6 C theory of yours is mine.

Even if I accept it, it is possible that the British

You have created these 6 letters to summon the devil.

so that he can fight the war here in India

These English people can win and rule

Can do anything to rule India

There was also friendship with the devil in your words.

I have the guts to make it happen

This cannot happen, this must have happened and

Now you leave all this and clean quickly

There is a lot of work to do, friend, and yes, this door

Let it be, don't clean it by mistake

If the amulet also falls down or something happens

turtle kill us both

Will take yes ok Yug and Abhimanyu back

Start cleaning the grave yard

give

It was 8 o'clock at night and the grave yard Kothi

The cleaning was almost complete, outside in full swing

It was raining, now the buses are in the hall

The cleanliness of the chandelier was left which Yug and

Abhimanyu had taken it down and

The tortoise was also there while cleaning and

Turtle chandelier was resting while sitting on the ground

Looking at it, he says that the chandelier is very beautiful.

it feels so good it feels like

Abhimanyu I am seeing something unique

Responding to the turtle's words it says

Turtles are a unique thing, this such chandelier

No, it is a chandelier with lamps which is a modern

It's rarely found these days, man!

What will be the price Abhimanyu joke with turtle

while saying why will you sell

This turtle brings a smile to your face

Says yes, I will sell it if Yug says yes.

The turtle had just said this when suddenly

The lights go off, Abhimanyu says laughingly.

Look, you didn't say about selling.

The lights went out. Grave yard kothi stuff.

Before selling you, Yakshini will sell you.

Don't forget this house of Yakshini

The tortoise is scared and says, don't say that, friend.

I was just kidding, sorry.

The era that did not sell interrupted them both.

He says friend, you two stop talking

And turn on the torch of your mobile and walk from the kitchen.

bring matches my mobile battery is drained

Abhimanyu says it's done, go to the kitchen.

I don't need that much, I have a lighter.

Saying this, Abhimanyu takes out a lighter from his pocket.

And there are 10 lamps installed inside the chandelier.

When that lamp starts burning them

If you burn inside the house once again

Light becomes in the dark by burning on the chandelier

The lamps looked even more attractive only then

Suddenly there was a sound of knocking on the door.

caste

[music]

Yug says friend, did you hear the voice tortoise?

stammers and says yes

Listen, Abhimanyu says with fear, friend.

This sound is coming from the room upstairs

where yakshan is imprisoned

Even the tortoise is scared and says, "Where am I?"

If both of you opened that door then

Yug and Abhimanyu did not give a damn about the turtle.

Both of them were not giving any answer.

The tortoise was staring at the other

Scaredly he says what happened to you this one

Why are you looking at someone else's face, my point?

Tell me why you are not giving any answer?

Somewhere in the room where Yakshini is imprisoned

Abhimanyu hesitated if he did not open it.

it is said

The thing is, friend turtle, by mistake he

As soon as the door opened for both of us

Abhimanyu the tortoise says this while stuttering

says

What did you say by mistake? You call it a mistake.

You knew that Yakshini was in that room.

I am imprisoned yet you opened that room

After all, why the fear of the turtle's face ages ago?

Looks and then laughs after seeing Abhimanyu.

Abhimanyu also feels like seeing Yug

The tortoise starts laughing and says with surprise

What happened, why are you both laughing?

We are in such big trouble here and

You both are laughing, Yug says laughing.

If he doesn't laugh then what will Abhimanyu do?

I was fooling you and you became a fool

The tortoise went and said with his mouth wide open.

Is

meaning that the sound of knocking on the door

Not from the upstairs room but from the front room

Yug saw her coming from the door and

said pointing to the door with his hand

The tortoise says while looking at the front door

You just scared me, man!

Is anyone joking? I am my darling.

Manyu says laughingly that she had just left.

Dear, your turtle will come out only when

Yakshini will come out in reality

Now go quickly and go to the door

Baba, neither open the door nor I can open the door.

I don't know who would have come so late at night.

This light from above is not even ours Abhimanyu

Getting up from his place he says, "Are you a coward?"

It seems to me that the door will remain a coward.

to open

Abhimanyu goes near the door and

Quickly opens the door when the door opens

So he sees that outside the door

The coward was standing completely drenched in water.

he had a polythene in his hand

In which something was kept. Cowards get angry.

it is said

Is this why you took so much time?

How long have I been waiting to open the door?

I am knocking on the door, Abhimanyu Kayal

Taking inside the room and back door

While putting it on he says friend, it's nothing, all this is enough

It is because of the tortoise that the tortoise sees the coward.

becomes happy and says

You coward, you have come, I thought you would not come.

Hey, how can I not come like this, I'm a coward!

Can any rain stop it?

There was a lion, yes, I remember the wish, now there is no one

No such wish can make me cry now

It's not raining anymore, it's raining like this in his courtyard

Badal does not have any enmity with anyone.

Abhimanyu gives a sigh and says wow wow wow

Looking at this coward he says, hey!

My clothes are completely drenched, if it's like this

If you stay in this condition, you will catch a cold.

I have clothes lying in my bag after work.

Wear it, oh no, yoga is nothing at home.

go to and change

I will go home, how will you three do today?

none of them will go anywhere all here

Wait, I thought we'd meet after so many days, friend.

Now we will talk about our childhood and reminisce.

Supporting Yug, he says yes, Yug is fine.

It is said that cowards stay here tonight

He says happily, I already know.

I thought something like this could happen so I

Abhimanyu had already made all the arrangements.

He says with surprise that after making all the arrangements

I have come, mean coward, polythene in my hand  
While giving it to Abhimanyu, he says, see this when  
If Abhimanyu opens that polythene then see.  
That there are four pieces of food inside that polythene  
There were five packets and two whiskeys and two Bisleri.  
There was also a water bottle, Abhimanyu says this  
Where did the coward Abhimanyu's question come from?  
Answering this, he says, it's because of this  
So it was late in coming, by the way, Bindu's food.  
He is of the hand, he has sent for the era  
You know the point since childhood.  
How much does the tortoise care about Yug?  
while saying or  
Has Bindu just sent food for Yug?  
not for us  
Hey turtle, Bindu knew all three of us.  
is also with him so he also for us  
I sent food then I thought if only  
If you just eat food, you won't have much fun.  
So then I started throat wetting  
Yug asks with surprise.  
throat wetting means whiskey  
Buddy  
Yug refuses and says man, I want whiskey.  
A coward doesn't drink while making big eyes.  
He says what are you talking about living in the city?  
You don't drink, no, it's just a little that's necessary.

He must be living in the city and he will only be drinking.

Whiskey I don't drink anything and no

I only eat cigarettes, paan, gutkha or anything other than this.

Health is affected by tortoise in middle age

He interrupts and says, O Gyani Baba.

If you don't drink then don't drink, don't give us knowledge

Give it to us, we know it's for our health.

What is good and what is not is yours

That I will drink it is okay just like that

I have swept the coward's share

Everyone starts laughing after listening to the turtle

Abhimanyu says to the coward, you coward, go away.

Change the light, I don't know when now brother.

Can't wait for her to come

Answering the question of coward Abhimanyu

says

Man, the lights hardly come on in the village these days.

A major short circuit has occurred and you can hear

It has come that there is going to be a strong storm tonight

It will rain like it hasn't for years

What has happened, the tortoise says with surprise.

Yes man, it's really a tortoise talking.

says fearfully

Hey Yug and Abhimanyu both of you are in the grave yard.

close all the windows and doors of the house

I don't know what will happen with all this hard work.

Have cleaned and if garbage gets inside then what?

Abhimanyu the tortoise will have to clean again

He taunts and says, yes, both of us.

close the windows and doors and enjoy here

Are you relieved from this? Oh no, friend, you

So you know how much I fear the dark.

Guess what would happen if you did the work

Will go Yug says getting up from his place

Abhimanyu, we both need all the windows and doors.

You already know that you will have to stop it.

habit has nothing to do with it

[music]

It was 10 o'clock at night and there was a lot of noise outside.

It's been raining, the lights haven't come on yet

but the chandelier with the lamp was put in its place

All the lamps inside the chandelier were given

It was burnt due to which there was light in the house.

There was faint light spread all around.

Yug Abhimanyu Tortoise under lamp chandelier

And the cowards sat down with food and drinks

The coward had changed his clothes into a tortoise

Looking at the polythene of food he says

Open quickly brother, I have no patience now.

The coward's food boxes are very hungry.

Taking it out from inside the polythene he says

I'm taking it out friend, at least have some patience, you coward.

Four-five pieces of food inside polythene

The coward takes out the cans first

The lid picks up the smell of food from the can.

The aroma of Yug food spreads all around.

After smelling it he says wow man, it smells great.

something is coming good the coward says why is it good

After all what my Bindu has made will not come
