What is happening to my stomach? How did my stomach suddenly become so big? Anika got married to Kunal Dogra yesterday and Kunal went away soon after the marriage. But when Anika opened her eyes in the morning, her stomach was Seeing her size, she became like that of a pregnant woman.

Seeing this, Anika got scared and reached her mother's house while hiding.

Wow

sister, you turned out to be super fast.

You got married yesterday and today you also got pregnant.

No, I am not. I can't get pregnant. No boy has ever touched me.

Don't put too much pressure on your little mind,

Devi. By the way, mother had done good to you.

What does it mean? Behind your pregnancy, the

hard work of some people is also hidden,

but all this happened. How did I get pregnant when no boy

even touched me?

Anika could not believe Kamini's words,

so she went to the doctor,

but after hearing what the doctor told her,

she was shocked.

Anika, listen carefully to me.

You are going to become a mother. As soon

as Anika heard these words from the doctor, Anika's weak eyes

widened suddenly. She could not understand

how she could die. As shocked as

Anika was, her father was equally shocked by what the

doctor said. As soon as she heard this, Anika got

angry that no one was ready to marry you.

Seeing my status, the

Dogra family was ready to make you their daughter-in-law,

but you have ruined my honor. You have

sworn that

you got married only yesterday and today you are saying

that you are pregnant. Kunal had

gone to Delhi immediately after the marriage, then how did all this happen?

You had not met Kunal before the marriage,

no, at least father Kunal. Yesterday I  
met him for the first time, he just looked at me, let alone  
touched me, if Kunal and his  
family come to know, what answer will they

give [music] I have not done anything wrong,  
Papa, I don't understand anything. how is all this  
Look sir, Anika is four months  
pregnant, all this filth has been going on for four months  
and now you are telling us,  
tell me whose sin it is, with such difficulty they  
brought us out of that quagmire, now  
because of you again I Don't want to get stuck in that quagmire,  
believe me father,  
I haven't even stepped out of the house in the last four months,  
then Kunal's grandfather called on Anika's father's phone,

son, I know about Anika's pregnancy, do

n't worry about her. Children It is  
my responsibility to get Kunal's name.

I will not let Kunal and Anika get divorced under any circumstances.

Kunal's grandfather  
asked Anika's father to keep  
Anika at home till her delivery  
so that this news remains hidden from everyone. As  
for Kunal, he  
was going to stay in Delhi for the next few months. This news will  
remain hidden from him too. Anika's father  
did exactly what Kunal's grandfather said  
but Anika's father Gautam did not understand. I was wondering  
how Kunal's grandfather came to know about this pregnancy and  
why he wanted to name the child Kunal. The  
next day, Anika's father scanned the footage of the  
last five months from all the CCTV cameras installed in the house  
and He was surprised to know the truth,  
it meant that Anika was telling the truth,  
in the last five months no one came to the house and whenever she  
went out of the house, then this  
pregnancy of Anika, now

for her father. A deep secret was forming.

Anika had forgotten almost everything during her pregnancy.

Neither would she meet anyone nor would anyone

coming. Have the holidays started in your college, are you

done? After four months, I have come

saying that you will welcome my Dabat.

Well, a

lot has changed here,

son. Come inside, let's talk. Look,

Kunal, you want to break this marriage, I

can understand whatever

you can understand. My old  
grandfather can't understand that he got  
me married to this person and you want to give  
your name to this child, then you tied him around my neck, I do  
n't know what he is taking revenge  
from me, and even after seeing his face,  
I feel that Which crime is  
punished? I am cutting off what I did  
n't do. Hey, that's why I ran away from the wedding hall  
so that I don't have to spend even a moment with her.

Hey, look at this shameless girl who is

carrying someone else's child in her stomach while going through the wedding.

And today, despite all this, she is  
standing in front of me so shamelessly. How did you  
think that I will give my name to this child? Yes, I will  
name Kunal Dokra,

I will

handle it, I do not believe in this marriage,

son, his health is bad. Do

n't pay attention to things, the question is about that child, as soon as he is born, he will be separated from Anika forever.

Anika's breathing started becoming labored in tension and for a moment she missed breathing. At that very moment suddenly Anika's stomach felt very heavy. A severe pain started, due to the pain, Anika fell on her back with a jerk and out of her sight, she saw that Gautam was running towards her. Gautam had made a phone call in a hurry and had also called the ambulance.

Anika She saw two flowers-like lovely children sitting next to her. These were twins to whom Anika had given birth.

One was a boy and the other was a girl. Seeing those children, Anika forgot all her sorrows.

before.

Hello Miss Gajas,

you seem to have come to Manali for the first time.

If only you had come before. It is

not possible that Anika, who remained unnoticed by me, did

not want Kunal to recognize her at all,  
but Kunal was also not the one to accept defeat.

I am neither you nor

I will leave you wherever you want.

Who is this little doll?

Oh sorry, she is your younger sister, I

understand. Okay, if you need anything in Manali, then

remember one name,

Kunal Dogra. You will not ask anyone and will

drop you to my house. You will miss yours. You can

tell me your name, miss, but Anika left without saying anything.

Meanwhile, Kunal was still

waiting for Anika at the airport.

Hey, you have come, Kunal, where are you? Now you

can tell me, what is the urgent work,

why did you call me? Bam, how to sign the

papers? Look at the papers, son, you and Kunal are separated for 6 years,

you are happy in your life and he

wants to move forward in his life, so it is better that

both of you take divorce.

You have to sign the divorce papers, I am ready. Papa, tell me where to sign the money. Kunal's grandfather was against divorce. Has he agreed to this?

You probably did not listen properly.

I told you that you have to sign two papers, one divorce paper and the other which is for Kunal. Grandfather wants

[music] [ \_\_ ],

Kunal's grandfather put this bad condition

and you

agreed. Now I understand that Kunal's grandfather is aware of
