

Alpha's Temptation: Forbidden Love

I'm trusting you to keep my werewolf identity and whereabouts safe. From now on, I'm just a normal college professor. Okay. The meds are working, so she won't be able to run. But like I said, this is a one night deal.

Okay? No problem. Nice doing business with you. Help me, please. Please help me.

He's after me. Why should I help you? Damn Yep. Is it possible for Luna to be here? We don't think so.

What happened, It's okay. I'm gonna be okay. Just Calm down. How could she? Who was he the creep?

I just can't believe she sold me out for money. Catherine, are you okay? I just I miss dad. Mom? There's a man in the house.

What are you trying to find out? Stop with the yelling. This is Sebastian. He's come to drop off a gift from his father. From his father?

Yes. Richard, my new boyfriend, and the richest man in Sunset Town. Sorry. She's always overreacting. Acting?

He just showed up in our place. I'm in my pajamas. Honey, we're about to move into Richard's mansion. You're gonna have to get used to a man in the house. Sebastian will be your stepbrother.

What? It's a pleasure to meet you, Catherine. Tell your father thank you for the gift. I love it. It's a pleasure.

Now, Catherine, could you please see Sebastian to the door and behave yourself? Hey. Hey. Just so we're clear, I'm not interested in the step sibling. Wait.

Last night was you? Calm down. I didn't see anything. Oh. Unless you wanted me to.

Listen here. I don't care about who you are, but you and your greedy mother better keep your distance. One more thing. Don't try to seduce me. I'm not.

Good. Keep it that way. Trust me. I'll make sure that I get married. Thanks for waiting.

Take me to the place where you found the party. His wings seem to be afflicted by a werewolf. Looks like the body hasn't been moved. Police are looking for. There were no werewolves in Sunset Town before.

Perhaps the news has leaked. Hopefully, a new status will cover our tracks. Alpha, last night, what was that about human mates? Nothing. Then report the missing body has been found.

That's Hey, Katherine. Congratulations. We heard that you got another stepfather. Being a horny slut runs in the family. Yeah.

So awful, isn't it? Even though it's true. What is wrong with you? Wiping it off isn't gonna change anything. Right, Catherine?

Once a whore, always a whore. Why bother? If they believe it's true, leave it. I'm sure the professor will like the handwriting. What are you talking about?

Yeah. The professor will be impressed. Are you out of your mind? Whoever did it will have to clean it. Maybe you?

I'm not the only person here who thinks you're a slut, Catherine. Who is this? The first one to answer will receive extra credit. No? If this kind of thing happens again, everyone's scores will be reduced by one level.

Oh, come on. That's not fair enough. Understood. My name is Professor Sebastian. Would you please open the textbooks at page 26?

We have a lot to get through today. What? I've left a packed lunch in your bag. Okay? Give it to Sebastian.

It's his favorite. What? Are you serious, mom? I'm not sucking up to him. Why can't you just find a job?

I'll never go back to that miserable life, Catherine. Just do what I told you. Professor. Come in. Thanks for having me in class.

Here. Take it back. What? Take it back. I already saved your hearts.

Your mother is my father's girlfriend. And now you're here preparing lunch for me. Katherine, your motives are far too obvious. You will never be my mate. Who said I wanted to be your mate?

Then why are you trying so hard to get my attention? Listen, future stepbrother. It was my mom's idea. I didn't have a choice. Get out.

Now. If I was trying to seduce you. What are you doing? What? Don't like me seducing you?

I warned you. No. Why? Yeah. Totally.

She's seducing professor Sebastian. How could she? Professor Sebastian is a genius, and he's from a highborn family. So typical that as soon as he comes, she's all over him. Emily Slit.

Alright. I have an idea. I love it. Who's there? What are you doing here?

How could I see the same thing? This happens to be the men's room. No. This is the women's. Did you not see the sign?

Hurry up, guys. I think Catherine's heading up to you guys in the bathroom. Hurry. Showtime. Catherine?

Don't say hello. Where is she? What should I do now? What should I do now? I saw her come in here.

Is that you, Madison? Professor Sebastian? What are you doing in the men's bathroom? Professor, is Catherine in there with you? I saw her come in here.

Are you out of your mind? Why don't you just open the door, professor? Hold on a minute now. Catherine's not in there. It's just Sebastian.

Don't think I don't know about your little feelings for Katherine. You can't fool us. Yeah. Madison, do you have a reason for being in here? Well, I Are you in here to make drama and fill me in the show with your friends?

No. Definitely not, professor. I'm so sorry. I The dean will hear about this. Everyone out.

Don't have a boy, Catherine. Yeah. We'll see Catherine. Thank you. No secret.

You're a troublemaker. Oh, I'm sorry. Oh gosh.
